A THOUGHT

But I say unto you, Swear not at all.—Matthew 5:34.

Profaneness is a brutal vice; he who indulges in it is no gentleman.—Chaplin.

The C. & A. management may be bluffing in talking about a contract for 25,000 barrels of oil a day, but the story has the sound of an intention on the part of the railroad management to be no longer the plaything of either mine operators or workers.

We sometimes read that the foreign trade of the U. S. would be in fine condition if only the

soviet government of Russia were recognized and business relations begun there. It is admitted that Russia has great need of foreign goods, but more recognition of the government would not create capital or bring into being conditions which would warrant the shipment of American made goods in large quantities.

Most newspaper comment upon President Harding's recent message on the industrial situation is favorable. The moderation of the president is praised. There are indications that any legislative program that is needed to maintain transportation and to protect men in their right to labor will have such support of Republicans and Democrats that it can be speedily enacted into law.

A COMMUNITY ASSET

The Jacksonville chautauqua assembly for 1932 will come to a close today. The weather during the 16 day period has been extremely hot but that fact has not interfered with the success of the assembly. The management of the chautauqua is so experienced that the "business" is thoroughly systematized and the events of each day run along with clock-like smoothness.

The Jacksonville Chautauqua after eleven years has the mark of a stable institution, for interest seems maintained from year to year. The management of an independent chautauqua of this kind entails a vast amount of

work and the people of the county are deeply indebted to the officers and directors of the association, who make the sacrifice of time, effort and thought necessary for the successful assembly of each year. There is no doubt about the value of the chautauqua to the community.

All indications are that the mine operators and mine workers representatives in Illinois will come to an agreement very soon which will result in the resumption of work in this state. Since the opening of the mines has been so long delayed, it would be a reasonable thing for operators and miners to cut out the usual red tape of assembling and adjourning from day to day.

The only kind of a contract which can be made under the circumstances is that authorized in Cleveland and the leaders had just as well sign up and let the hoisting of coal begin.

COMPARE THE PRESENT WITH THE PAST

In these days the rich and the poor and those in moderate circumstances complain a great deal about conditions and alleged troubles. Remembering these things gives point to the following from Forbes Magazine:

We kick and we complain and we strike. We fume about high rents, dear coal, the oppressive cost of living. We rebel against working more than eight hours a day, and we fight for time-and-half pay for all overtime. We groan over local taxes, income taxes, corporation taxes. In short, we pity ourselves a lot. Yet—well, are we so terribly badly off? How do we fare as compared with, say, our parents and their generation? Is it not the truth that the vast majority of us live much more comfortably than the majority of the people did twenty-five years ago? Suppose we sit down and calmly compare our lot with the lot of the last generation. Are these not facts, applicable to far more people today than thirty years or so ago? Working hours have been greatly reduced.

Housing facilities have been wonderfully improved.

Our schools and colleges have multiplied in number and are now within reach of many many more people of ordinary circumstances. There are more churches.

We have an infinitely wider variety of food and immeasurable progress has been made in insuring its cleanliness and quality.

There is now one automobile for every family in America.

The telephone has added immensely to our facilities for social intercourse.

The finest of music has been brought within the reach of most homes thru Edison's invention of the phonograph.

The theater formerly enjoyed by relatively few, and only in large towns and cities, is nightly open to the inhabitants of almost every hamlet in the land at very low cost, thanks to the movies.

BERTON BRALEY'S DAILY POEM

The New Yorker

By Berton Braley

I DIDN'T plan the bridges that are flung across the tide,
Or help erect the buildings which I'm pointing to with pride;
I own no share in state or SHRDLSHRDLUUNUNUNUNUNP
In fact I'm but a super in Manhattan's mighty show;
I'm only one among the crowds with which the streets are packed,
But—I come from no mean city and I'm conscious of the fact!

SO when I travel far or near I boast of Gotham town,
I speak of soaring towers and of lights that flash and flare
With just as much of glowing pride as if I'd put them there!
And though I've never hung a light or laid a single stone,
I come from no mean city and I'm glad to make it known!

OH, splendid streets where wealth parades, and fetid thringing slums,
And never-quiet thoroughfares through which the traffic hums,
I have not made them what they are—and yet I hold them true
As if they were my own idea, my patented design;
For somehow, though I'm but a leaf in Gotham's breezes swirled,
I come from no mean city—and I'm proud to tell the world!

(Copyright, 1932, NEA Service)

FIREMAN WAS INJURED NEAR WINCHESTER

Jumped From Moving Passenger Train and Sustained Painful Injuries — Other Winchester News.

Winchester, Aug. 19.—As the evening passenger train was nearing the bridge south of town, steam started to escape and the fireman jumped from the engine, falling upon his face and receiving a number of severe bruises and cuts.

Dr. H. H. Fletcher was called and gave the necessary first aid treatment, and it was found that the man's injuries were not of a serious nature. His escape is almost miraculous, as the train was moving at a rapid rate.

News Notes.
Iko Lowenstein arrived Friday night from New Orleans to join his wife here for a visit with the latter's parents, Mr. and Mrs. David Hainsfurter.

Mrs. W. E. Coultas returned home Friday from a brief visit with Mr. and Mrs. Carl Larsson in Chicago.

Misses Kate and Mary Ellis of White Hall and brother, Myron Ellis of Wichita Falls, Texas, are guests at the home of Mr. and Mrs. Grand Mader and family.

Miss Margaret Metzger arrived home Friday night from St. Louis for a week end visit with her parents.

Misses Vera and Thelma Weiser arrived Saturday for a visit at the home of their parents, Mr. and Mrs. Ves Weisser.

Judge F. C. Funk was a business visitor in White Hall Friday.

Mr. and Mrs. Jesse Gibbs of Canton are here for a visit with the former's mother and other relatives.

Harry Griswold of Jacksonville is here for a visit at the home of Mrs. Tharp.

Dr. and Mrs. H. H. Fletcher and son, Wayne and E. J. Funk are expected to leave Sunday for Danbury, Mich. where they will enjoy a two weeks' outing at that popular summer resort.

Lee Cunningham and son Kenneth of Indianapolis are here for a visit with relatives.

Miss Verna Nelson returned Saturday night to her home in Chicago after an enjoyable week's visit here with Mr. and Mrs. Hart Cochran.

Wayne Fletcher returned Friday night from Kirkwood for a week-end visit with his family.

John McLaughlin, who has been ill for some days at his home here, was somewhat improved Saturday.

An error was made in Saturday's issue in the statement that prize awarded to Mrs. Elizabeth Rohrig for the best coconut cake exhibited at the Christian church picnic. The prize was awarded to Miss Elizabeth Roark.

The chautauqua tent arrived Saturday afternoon and the men

who were to erect it were all ready to receive it. Everything is now in readiness for the opening of the assembly Monday afternoon at the Soldiers' Monument park.

Miss Lola Markille has arrived from Kansas City to visit her aunt, Mrs. Ada Lankford and the Misses Estes.

Miss Minnie Dyer of Canton is here for a visit with relatives and friends.

Edison dollar Re-Creations have double the music and better music making 75c talking machine; records worth about 50c. Make the test.

A Thousand Laughs, Spiced With Love and Tears

A picture that bubbles over with fun and frolic—full of whimsies and sparkling wit—with the added touches of romance and pathos. That's what lifts it above everything that Miss Talmadge has ever done and makes it BIG. Unique in plot and action, like nothing you've ever seen before.

On the Honor of Franchise!

We stake our reputation for Truth and Veracity on the claim—Expressed in sure-things terms—that it's: A Grand Slam! A royal flush! A home run with bases full! A touchdown! A "walkover"! A "natural"! A "take all"! A "Birdie"! It has all her best comedy touches, plus that vital human fire that lifts it into a class by itself—that stamps it as

A Big Super-Special!

Admission 10c and 25c, Tax Included

another incalculable enrichment of the social life of the people.

One could go on and on enumerating the blessings which have brought within the reach of the majority of this nation during recent times. We verily are a people favored by Providence beyond almost all others. Let any disgruntled, whining American take a trip thru the countries of Europe or thru the Orient, and he will return with gratitude in his heart for having his lines cast in so pleasant a place as the United States of America.

We are doing all we can to deserve a continuance of so many blessings?

TOWN DRUNKARDS

(By NEA Service)

Have you noticed the passing of that famous character known as the Town Drunkard? He is nearly extinct.

Twenty years ago, and even less so now, was complete without a Town Drunkard. If he were married, his wife usually had to wash him. If single, he slept in the tavern, back of the grain elevator or in any other convenient and rent-free locality that goes to make up the typical village.

In the cities, the Town Drunkard's residence and means of support always were somewhat of a mystery, though he passed many a night in jail.

There were all kinds of Town Drunkards, from vagrants to worthless sons of respectable and hard-working families. Whether rich or poor, in village or city, they were all tarred with the same stick. Their thirst was characteristic and mutual.

When the Town Drunkard couldn't buy the price of a drink, he sometimes resorted to draining the few remaining drops from the empty bottles behind the village tavern or the depot where they awaited shipment back to the brewers and distillers.

All Town Drunkards, whether or not they were like the father of Huckleberry Finn, always had some woman eating her heart out with worry.

How many people, now scheming like bucketshop plungers to get a drink, recall the heartaches and misery in the home where some male member had "developed the appetite" that was "getting the best of him"?

The outlaw, John Barleycorn, has become almost a heroic figure. People seem to be forgetting his monstrous side.

The Town Drunkards who have reformed by necessity are the driest of the days, in a good many cases—except where they couldn't stand the change and the undertaker had to pour them back into the jug.

WORSHIP

The day is the Lord's, and who shall say
That they who wander the streams and wood
Know not a worship just as good
As they who to a sermon listen?
Aye, if they read in the pebbles that glisten
In clear, cold streams the text of the ages,
In the fragrance of the wild flowers' breath,
The lessons of birth and life and death;
The spirit immortal in the strength of the hills,
In the beauty of rivers or music of rills;
The sermon which God has preached on the pages
Of Nature's great book, the wide world o'er,
That will ring down the centuries aeons more;
With the wild bird choir and the sweet wind's play
On the organ notes of the dawn of day—
If they read, and bow in spirit lowly,
Surely their worship is just as holy;
But if folly or idleness tempt them to wander,
Then it were best that they pause and ponder,
For none with impunity may waste this day,
Else sometime the spirit will have to pay.
—JANE FRANCES GRASSLY.

DUNCAN CLARK COMES FOR TWO ADDRESSES

Well Known Newspaper Writer Will Be Heard at Chautauqua Assembly—Dr. Somerville Delivered Strong Address Saturday.

S. J. Duncan-Clark will come for two addresses on the closing day of the Jacksonville chautauqua. This afternoon his theme will be "The Fundamental Need of American Life," and this evening "Who Speaks for Right?" Those who heard Mr. Clark last winter at the Congressional forum realize that the opportunity is presented of hearing something very much worth while. For a long period Mr. Clark was special editorial writer for the Chicago Post, and was a foreign correspondent during the war time. His letters on European conditions attracted wide spread attention.

The Sholle orchestra, which was heard with great acceptance Saturday will give a program again this afternoon and evening. There will be Sunday school at 10 o'clock with J. C. Colton as superintendent, and the sermon will be at 11 o'clock by Rev. F. M. Crabtree of Chapt.

Saturday's attendance at the chautauqua was fully up to the standard. In the afternoon Prof. P. C. Somerville of the University of Illinois gave a very forceful lecture on "The Fundamentals of National Life." In the evening the Sholle concert was followed by Robert Wassman, who gave a very interesting program of magic and legerdemain.

U. S. Leadership

"America is leading the world to liberty," Dr. Somerville said. "Our history is a matter of bewilderment to other nations. They look with alarm on our achievements, which they consider as miraculous. As they come to understand American motives they realize that our deeds are noble."

"In these recent years the conduct of America has impressed the contrast by comparison with some of the old countries, where monarchs are seated on golden thrones—monarchs in everything, except real character."

"America came out of the war a clean nation, for in that struggle it was transfigured and born again. Through the ages men in some countries have been trained that might is right, and it remained for a new teaching to come from the war. America believes that no nation shall be overthrown by another nation and this policy has served to clear the seas for commerce."

Attainment the Standard

"America says that jealousy must be abolished and class lines disappear. The ideal day will come when the accepted standard of measurement shall be attainment rather than by riches."

"We know that some of the smaller nations of the earth are starving and the question which presents itself is how shall we serve them. The only course is for us to put the Golden Rule into operation and never be afraid to follow where that rule leads. We must go to our task of the world's regeneration and God will lead the way. No other nation is so well equipped for the task. God has given much to this nation and so He expects much. It is our duty to lead the nations of the world along the paths of righteousness and we can measure up to the task."

GOING TO LAKE MATANZAS

A family party will leave tomorrow for Lake Matanzas to spend a week at Oak Lodge cottage. These vacationists will be Mr. and Mrs. George Stoldt and daughter, Miss Elinor, Miss Minnie Wyatt, Miss Bea Ellis and J. T. Ellis.

GOLF COMMITTEE NAMED

The Rotary club has named as the golf committee L. F. Randall, Fred Berg and E. A. Brennan. It will be the duty of this committee to arrange for a team to accept the recent challenge for a contest issued by the golf committee of the Kiwanis club.

Raymond Funk was a very pleasant caller among merchants of this city yesterday from Winchester.

MAMMOTH OIL COMPANY FILES PAPERS

CHEYENNE, Wyo., Aug. 19.—Incorporation papers were filed with the secretary of state today by the Mammoth Oil company of Delaware capitalized at \$200,000 and organized by the Sinclair Oil interests to develop the Teapot Dome Naval Reserve under a contract secured from the federal government. The company paid a filing fee of \$40,000. The land which the Mammoth company will develop was that involved in the controversy with another company in which the department of the interior invoked the aid of marines to drive a second company off the property which the government had leased to the Sinclair interests.

FRENCH AVIATOR WINS
GLIDING CONTEST

Claremont, France, Aug. 18.—M. Bouscourt, the French aviator flying his monoplane in the international gliding contest today remained in the air for five minutes, 18 seconds, establishing a record and beating the best French time by three minutes, two seconds. He utilized an upward current alongside the hill from which he took off rising 150 feet above the starting point.

FUEL COMMISSION
HAS NO INFORMATION

Cincinnati, O., Aug. 19.—George T. Poor, chairman of the Ohio state fuel commission said tonight that his office had no information to the effect that coal mines now operating under the Cleveland agreement are charging \$7 to \$10 a ton as stated in a Washington despatch received by Governor Davis of Ohio.

DUNCAN MEMORIAL HOME
NOTES

The flowers at the Duncan Memorial Home are giving pleasure to many people these warm sultry days. This has been a hard summer on flowers but thru the care and attention of Mrs. Jean Taylor, the chairman of the grounds committee, the garden is producing an abundance of flowers. They are picked by Mrs. Taylor and her helpers every few days and are sent to the sick at Oak Lawn and Passavant hospital.

The D. A. R. chapter will greatly miss Mrs. Taylor when she leaves in the near future for her new home at Lake Helen, Fla. Mrs. Taylor has been a most enthusiastic and helpful member on the table committee as well as chairman of the grounds committee, from the beginning of the ownership of the Duncan Memorial Home. Her cheerful and untiring and undiscouraged efforts have done more than anything else to help in the planting and care of the garden and grounds at the home.

The members of the chapter, as well as many friends outside will wish Prof. and Mrs. Taylor the greatest happiness and success in their new home in Florida.

Among those who attended the fish fry at Beardstown yesterday were Misses Violet Barber and Esther Sheppard of Jacksonville. Mr. and Mrs. Floyd Goodpasture of Grace Chapel were among the visitors at the Chautauqua yesterday.

At Last---A Genuine Whole Wheat Bread

—The putting together of the necessary ingredients and the baking of a tasty whole wheat loaf of bread is not a difficult matter, but

—The getting of a genuine whole wheat flour, all the wheat from the heart to the shell, has been difficult.

—We've got that flour—all the wheat—and we are baking a delicious, health-giving loaf, just the bread that is needed by every person who would enjoy robust health, and particularly should it be eaten by the young.

—Ask your grocer for a loaf, and if he hasn't it phone us at once and we'll see that you are supplied.

"Gifts That Last"

Be sure your CLARK JEWEL gas range is "Lorain"-equipped

THE "Lorain" Oven Heat Regulator on your Clark Jewel Gas Range will insure you better cooking results and free you from "pot-watching." With this oven attachment it is possible to cook a whole meal at one time without bothering to watch it from the time you put the prepared food in the oven to the time you wake out the meal to serve it. "Lorain" will give you three to five extra hours of spare time a day. Come in and see it demonstrated and get your booklet "An Easier Day's Work."

Saves Gas, Improves Your Baking and Cooking, and Gives Hours of Freedom

If most of the fret could be taken out of your housework, with an accompanying distinct saving in money and an economy of time that would give you more hours for recreation, wouldn't that, truly, be an easier day for you?

Such is the delightful message that we have for you. We want to tell you about the new emancipation for housewives—freedom from the slavery of "pot watching."

Continuation Of Last Week's Story About the Opal

(Repolishing Damaged Opals)

The opal is more liable to surface injury than any other precious jewel stones, yet a damaged, scarred or dull opal can be easily restored to its primary lustre and fiery brilliance.

The method used is to "grind" the surface of the damaged opal with a flat piece of Lindenwood using with it Rottenstone and water (never oil) until the scratches and dullness disappear, when the opposite side of the wood is used, with red and water. The water's only office is to keep the opal from getting too hot from friction.

Come in and let us show you some opal-set jewelry.

Next week we will tell you how tourists are "worked" by opal "peddlers"

REPORT CONDITION OF ILLINOIS ROADS

Roads Generally are Good Aside From Dust—Much Construction Work Underway.

CHICAGO—The weekly report by the Chicago Motor Club gives the condition of Illinois roads as follows:

"Chicago-Springfield-St. Louis road—Concrete open from Bureau north four miles, leaving only thirteen miles unpaved; this is good gravel and is marked as a detour. "Lincoln highway—Small section unpaved between Chicago and Joliet and also between Joliet and Plainfield.

"Chicago-Joliet - Bloomington road—Detour between Joliet and Wilmington, good.

"Meridian highway—Reported in good condition from Rockford to Rockford, greater portion having been recently worked.

"Grant highway—Detour between Belvidere and Marengo and also between Dundee and Rockford reported in bad condition as result of heavy trucking during past week. Detour between Rockford and Freeport generally fair, but rough in spots.

"Adams County—Roads all good Route No. 31 construction progressing rapidly.

"Carroll County—Roads in good shape. Work is being started on federal aid project No. 39 on that part of Indian Head trail between Mt. Carroll and Savanna, which will be closed to traffic within a few days.

"Christian County—All mail roads good, mostly oiled. Meridian oiled through county.

"Clinton County—All roads in fair condition. Route 12 oiled from east county line to Breese, 22 miles, in good condition; from Breese to west county line 9 miles not oiled; four miles of this stretch rough, rest in fair condition.

"Coles County—All roads in good condition; oiling almost completed.

"Champaign County—Roads were good until rains of last night.

"Henry County—Dirt roads generally good.

"Macon County—Roads all good some getting dusty; Route 10, state hard road, will be open, Decatur to Niantic by September 1.

"Peoria County—Roads within 150 miles of Peoria reported good to excellent in practically all sections. They are rough near Manito, and fair between Canton and Lewistown; and were muddy Wednesday between Jerseyville and Alton. There is a short rough spot at Lacon. To Farmington go one and a half miles south of Hanna City to Trivoli. The Brimfield route to Galesburg is reported best.

"Sangamon County—The highways of central Illinois are in good condition in all directions,

with some excellent stretches. They are dusty in places. The road to Fowler from the east is open. The new bridge at River-ton is completed and has been opened for traffic, but motorists going to Decatur should travel over the Clear Lake road via Mechanicsburg.

"Stephenson County—Roads in good shape.

"Sangamon County—Springfield-Decatur road closed account of construction; Springfield-Jacksonville road also closed; detour at Cotton Hill on Sixth street road to St. Louis account of construction. Detour at Bradford on Springfield-Beardstown road account of construction. The above roads are being hard surfaced. Other roads in good condition.

"Whiteside County—Dirt roads very smooth before the recent rains; dragged after rain, many being oiled.

MISS JULIA BUCHANAN WEDS EDWARD LAMB

Groom Was Employed in Local Western Union Office; Bride is Resident of Pisgah Neighborhood.

Springfield, Ill., Aug. 19.—Edward Lamb of Jacksonville and Miss Julia Buchanan of Pisgah were married at 6 o'clock this evening at the parsonage of the First Christian church, Rev. William F. Rothenberger officiating. The groom is a telegraph operator employed in the traffic department of the Western Union office.

Edward Lamb is a son of Mr. and Mrs. Joseph Lamb, of 747 West Walnut street in this city. He has for some time been employed as a telegraph operator in the local Western Union office but has been transferred to the Springfield office of the company and will begin his duties Monday.

Miss Buchanan is well known in Jacksonville, where she attended Jacksonville high school.

FIGHTERS GAIN IN MINNESOTA FIRES

(By The Associated Press)

DULUTH, Minn., Aug. 19.—Two days and two nights of favorable weather conditions have given fighters a commanding lead in their battle against forest fires in northeastern Minnesota and tonight State Forester Cox announced the situation was well in hand.

Settlers and townspeople who fled from their homes Thursday were returning to their homes to night and public highways blocked to traffic were being reopened.

Progress of the flames on all four sides of the big Kalsay fire zone virtually has been halted and the main force of guards is being utilized to smother out the deep-seated peat fires which were responsible for the recent conflagration. No reduction in the fighting forces will be made until the danger from the smoldering peat fires has been reduced.

Every available patrolman and ranger from other sections of the north country has been ordered to Duluth. These veterans of the forest service will direct the work of pumping water into the underground furnaces.

WILL COST \$2,000 FOR NOMINATION

Decatur, Ill.—It will cost Macon county \$2,000 to go thru the formality of nominating Harry Butts for county clerk on September 12. He is the only candidate for the office, which is for the remainder of an unexpired term. Butts is now acting clerk and no one is opposing him on either party ticket.

DELAYED TRAINS MEANT GREAT SUFFERING

Los Angeles Papers Tell of Sad Plight of Passengers at Needles When Trainmen Quit.

Jacksonville people have received copies of Los Angeles papers which give graphic accounts of the suffering and inconvenience caused passengers when a Santa Fe train was stalled for nearly four days on the desert at Needles as the result of the unauthorized walkout of Big Four brotherhood members.

Pictures are given showing aged passengers carried from the train in an exhausted condition because of the privations during their enforced stay at Needles. One of the passengers on train No. 1, was Mrs. Melissa Wooden, ninety-five years of age, who narrowly escaped heat prostration. The temperature at Needles was nearly 130 during the most of the four days stay of the passengers there. Women and little children suffered torture and it can readily be understood that the passengers when they arrived in Los Angeles were bitter in their denunciation of the railroad men who needlessly and without excuse caused their suffering.

The passengers took the position that because the workers were having a dispute with the railroad management afforded them the slightest reason why they, the passengers, be made to suffer.

The Los Angeles Times quotes one passenger:

"It was the most pitiful thing I've ever seen. I saw babies cry for milk that was unobtainable. I saw mothers nurse them and sing to them and cry with them, to ease their little hearts and hunger. I saw fathers who inwardly cursed the unjustifiable cause of it all and yet were helpless because the Big Four had willed and so far had won.

"I saw an old lady who was near the century mark in years kept alive with fanning and cool water. I saw an old man collapse—I thought he was dead—but he lingered on, and he was unconscious most of the way up here.

"It was the most pitiful thing I've seen. It's something I thought I would read about in books—not something to be experienced in this day and age."

STATE HOSPITAL NOTES.

Mrs. H. H. Haele and three children of Chicago are visiting with her two brothers, Dr. T. G. McLin of the State Hospital and J. C. McLin of East Superior avenue.

Miss Leah Walters had an operation for tonsillitis recently by Dr. B. C. Rembe.

Mrs. J. L. Rane, Mrs. Pearl Dawson and Miss Mary Foran spent Friday in Springfield.

W. J. Lindstrom, Architectural Assistant and Mr. Dare, of the Department of Engineers, Springfield, visited the institution Friday.

Dr. T. G. McLin and family expect to motor to Springfield Sunday.

NEWS OF THE SPORT WORLD

Charley Hollocher is Climbing in National League Batting Race

Captain of the Cubs Makes Great Strides in the Past Week—George Sisler Leading Ty Cobb by Five Points in Averages Released Wednesday—Results in Other Leagues

CHICAGO, Aug. 19.—Charley Hollocher, captain of the Chicago Cubs, has struck a batting stride which has swung his teammates in line with the hustling little shortstop, and as a result the club, picked by a majority of experts to finish far down in the second division, is up in third place and battling the leaders, according to the averages released today and which include Wednesday's games. The club is third in the pennant race and third in batting. Pittsburgh is leading in team batting with .309, and New York being second with .306. Chicago's mark is .296. In fielding Chicago is out in front with an average of .971, with New York trailing with .969.

Hollocher by his consistent batting has boosted himself up to fourth place with an average of .368 compared with .345 a week ago. Rogers Hornsby, the St. Louis batting star continues to top the players who participated in 90 or more games with an average of .374, and is leading the home run hitters with 29 circuit blows. He also continues out in front in total bases with 298, the result of 164 hits, which besides his circuit drives include 31 doubles and 8 triples.

Rigbee, of Pittsburgh is the runner-up to Hornsby for batting honors with 363 and O. Grimes of Chicago is next with 361.

Max Carey, who is far in front of the base stealers with 35 thefts, also is the best run getter with a total of 102 runs to his credit.

Other leading batters: Kelly, New York 349; Carey, Pittsburgh 347; Walker, Philadelphia 346; Dabert, Cincinnati 338; Harper, Cincinnati 337; J. Johnston, Brooklyn 333.

American League
George Sisler and Tyrus Cobb are entering the home stretch only five points apart for the batting honors of the American League, according to averages released today and which include games of last Wednesday. Sisler is out in front with an average of .410, five points ahead of Cobb, whose mark is .405. The St. Louis star has played in seven more games than his rival, and has been at bat 439 times compared to 390 times for the Georgia Peach. Sisler cracked out 180 hits, while Cobb made 158. This speaker is trailing the pair with 380.

Sisler continues to show the way to the base stealers with 37 thefts, and Blue of Detroit, is the best run getter with 9 runs to his credit.

Ken Williams, leading home run slugger of the majors, failed to increase his circuit drive record which remains 39, but he has boosted his total base mark to 276; Walker of Philadelphia is trailing Williams for home run honors with 27, and Ruth is third with 22.

Other leading batters for 90 or more games:
Bassler, Detroit 348; Tobin, St. Louis 339; Hoffmann, Detroit 338; Williams St. Louis 333; Ed Miller, Philadelphia 332; O'Neill Cleveland 330; Galloway, Philadelphia 325; Blue, Detroit 325.

American Association
Jay Kirke, the Louisville batting star, has broken the tie shared with Myatt of Milwaukee, a week ago, and now is in undisputed lead among the batters of the American Association. Kirke fell off a little during the past week, but managed to keep in front of his rival, who is trailing three points behind. Kirke's mark is .372 and Myatt's .369. Wilbur Good, of Kansas City, who is leading the run getters with 114 tallies, is pushing Myatt for the runner-up honors in batting with 368.

King Lear of Milwaukee increased his lead in total bases to 228. Lamar of Toledo continues out in front among the base stealers with 21 thefts, and Bunney Brief, who poled another circuit drive, is leading the home run hitters with 23 round trip smashes.

Other leading batters: E. Brown, Indianapolis 362; Lear, Milwaukee 357; Mathews, Milwaukee 357; Lamar, Toledo 348; Becker, Kansas City 344; Riggett, St. Paul 339; Krueger, Indianapolis 332.

Western League
East of Wichita who have been making a game fight for the batting honors of the Western League, finally has succeeded and is leading his rival Fisher, of St. Joseph by three points for the honor. East in his last eight games has cracked out 13 hits, giving him a string of 193 hits, good for 317 bases. His hits include 42 doubles, 4 triples and 24 home runs. His batting average is .381, while Fisher's is .378. Elsh, Sioux City, who is setting the pace among the base stealers with 40 thefts, in third in batting with an average of .372.

Bennett of Tulsa is the best run getter with 132 tallies and Davis of Tulsa, who was tied with East for the total base honors a week ago, lost that honor, but continues

YANKEES GO INTO FIRST PLACE AGAIN

Take Easy Game From White Sox by Score of 12 to 5—Ruth Hits Twenty-Fourth Home Run.

NEW YORK, Aug. 19.—The Yankees broke the tie for first place easily defeating Chicago 12 to 5, while the browns divided a double header with the Athletics. It was Chicago's fifth successive defeat. Ruth hit his twenty-fourth home run off Leverett in the third inning. Shawkey had no trouble in disposing of the Sox. The score:

Chicago	A. B. R. H. O. A. E.
Mulligan, 3b	3 0 0 1 2 0

Summary
Two base hit—Pipp. Three base hit—Mostil. Home runs—Ruth, Falk, Hooper. Stolen base—Meusel, McNally. Sacrifices—Strunk, Witt. Double plays—Ward to Scott; McClellan to Collins to Sheely. Left on bases—New York 13; Chicago, 4. Bases on balls—Off Shawkey, 2; off Hodge, 2; off Leverett, 3; off Courtney, 3; off Mack, 1. Struckout—By Shawkey, 5; by Hodge, 1; by Leverett, 1; by Courtney, 1; by Mack, 1. Hits—Off Hodge, 3 in 1 inning (none out in 2nd); off Leverett, 3 in 3-2-3 innings; off Courtney, 3 in 1-1-3 innings; off Mack 2 in 2 innings. Wild pitch—Courtney. Umpires—Dineen and Hildebrand. Losing pitcher—Hodge. Time—2:15.

CINCINNATI WON TWO FROM BROOKLYN
CINCINNATI, Ohio, Aug. 19.—The Reds won from Brooklyn today, 9 to 4. Cincinnati hit Reuther hard, scoring five runs in the fifth inning on six hits and a base on balls and driving the left hander off the mound. The score:

Club: R. H. E.
Brooklyn000 040 000—4 9 2
Cincinnati020 051 01—9 13 0
Batteries—Reuther, Shriver and Deberry; Luque and Hargrave.

An unsatisfactory smoke is worse than no smoke at all. Call for "HAVANA BLEND" (4 sizes) for a satisfactory smoke. Geo. A. Harry, maker.

COURT OF HONOR PLAYS HERE TODAY
Strong Springfield Aggregation Comes For Second Game With Indies—Dove Will Face Fryman on the Mound.

Seth Dove and his Court of Honor aggregation will meet in the Indies for the second time this season at South Side park this afternoon.

On the last trip here with Dove going in his best form, the Court of Honor team took the game by a score of 4 to 2. Dove turned in a great pitching exhibition that day and it would have taken big league batting and playing to beat him.

However, the Indies have beat Dove in former years and they believe they can turn the trick today. At any rate they are going to be out there trying all the time. If they get their share of the breaks they should win.

Opposed to Dove this afternoon will be the big boy from Alsey, Fryman. He has been picking good baseball for the Indies and if he is good the contest should be a pitchers' battle.

Smith will have Cox on first this afternoon and Ira Fanning in center field. This should give the team more strength both in batting and fielding. The game will start at 3 o'clock and Donahue will hold the indicator. The lineup:

Court of Honor—Albers, lb; Olive, cf; McClosky, 3b; Wattings, ss; Flannigan, 2b; Lynch, rf; White, lf; Ford, c; Dove, p.
Indies—Denney, ss; Clark, c; Kohloff, 2b; Fanning, cf; Christopher, lf; DeFrates, 3b; Hamm, rf; Cox, lb; Fryman, p.

CAPPS FACTORY IS BEATEN BY BRIDGE CO.
Match Ends With Winners Only One Up on Eighteen Holes Excellent Scores by All Players.

One of the hardest fought golf matches of the season ended with the Illinois Bridge company still holding its unbeaten record. The Capps men fought hard and were defeated with the small margin of one point.

The Scotch Nassau method of counting was used by the foursomes, it being the seemingly fairest way to count in a match of this sort. The games were not marked by any startling plays but was consistent throughout. The eight scores ranged between 43 and 51, which is an extraordinary example of consistent golf.

The Capps team consisted of A. T. Capps, F. Capps, Wood Phillips, and Robert Capps. The Bridge company included James Flynn, Ted Beadle, W. B. Jeffries and A. L. Conlee.

Fletcher, Dimmed as Player Star, To Shine Again as Manager?

By Billy Evans
To be picked right out of the brightest group in the National League firmament, the New York constellation, and transferred to the gloomy obscurity of the Philly group, away down in an inconspicuous place on the horizon, is pretty sure on a baseball star. But it happens to all of them. The star twinkles for just about so long, but once it begins to fade—

What You Are
Well, to drop metaphor, with McGraw and his Giants, it isn't what you were but what you are. Thus it was that Arthur Fletcher took his departure, in due season, from the Polo Grounds, just as many players had done before him.

Next we find him with the Philadelphia Nationals. Unlike many men of his profession, Fletcher neither sukked nor loafed on the new team. He took the charge as a matter of course—as an episode in the life of every ball player. And because he continued to play with the same snap and dash with the tail-end Phillies which had characterized him with the Giants for a period of more than ten years, he's still recognized as a valuable major league asset, though he's traveled on thin ice now, to the extent of 36 years of age.

May Be Manager
What's more, it is rumored in National League circles today that he's to become Philadelphia manager in 1933.

Fletcher's type is rapidly becoming extinct in the major league circuit. A scholar of the McGraw school, he believes in the choke'em tactics; never giving your opponent an inch and winning now, to the extent of 36 years of age.

DETROIT WON TWO GAMES FROM BOSTON
BOSTON, Aug. 19.—Detroit both games from Boston today, 1 and 1 to 0. Pilette won his tenth game in taking the holding the Red Sox to seven Hellman made a home run in fifth with two men on bases. E and Karr had a battle in the 8th game. The only run scored was the seventh when Veach walked, second on a wild pitch and scored Hellman's single.

First Game: R. Detroit011 030 000—5
Boston000 000 010—1
Batteries—Pilette and Wo Russell, Fullerton, Pierce and ters.

Second Game: R. Detroit000 000 100—1
Boston000 000 000—0
Batteries—Ehmke and Ba Karr and Chaplin, Walters.

CLEVELAND NOW IN FOURTH PL.
WASHINGTON, Aug. 19.—(land gained a clear title to 1 place by defeating Washington, 1 in a ten inning battle. Za outpitched Coveleski until the round when he weakened and F. took his place. The Score: Cleveland000 100 002—3
Washington000 100 000—1
Batteries—Coveleski and O' Zachary, Francis and Pleinich.

ZEV WON GRAND UNION HOTEL ST.
Saratoga Springs, N. Y. Aug. 19.—Zev, the Rancocas stable, at colt today won the Grand Union hotel stakes, at six furlongs, 1 was second and Bud Lerner, 1 with Zev, finished third. Tin minutes, 15 seconds.

The Travers stakes, at a mile a quarter, went to Little Chief a Rancocas stable entry. Tin minutes, 13 2 5 seconds.

AUSTRALIA TEAM TO MEET U. S. PLAYERS
PHILADELPHIA, Aug. 19.—Australia's Davis cup tennis team won today the right to challenge the United States trophy defenders when Pat O'Hara defeated Count Manuel De Gomar in a grueling five set match 6-8, 3-6, 6-0, 6-4, 6-1.

Gerald Patten then made assurance sure by overthrowing Manuel Alonzo, ace of the Spaniards by scores of 8-6, 6-2, 6-2.

Early next month the Australian combination consisting of Patterson, O'Hara Wood, J. O. Anderson and R. C. Worthen, will face the United States quartet and thus end a cup quest that has carried them half way around the world in the past two months.

To regain the famous trophy they must defeat cup defenders selected from W. T. Tilden, William Johnston, Vincent Richards and R. Norris Williams.

MOLLA MALLORY WINS FROM HELEN WILLS
FOREST HILLS, N. Y., Aug. 19.—For perhaps ten minutes today Miss Helen Wills, a shy San Francisco miss stood within an ace of becoming the woman tennis champion of the nation—a title several sizes too large for her 17 years. She failed in the quest by the scores of 6-3, 6-1. Miss Wills did become a doubles champion, but that was due more to Mrs. Marion Jessup of Wilmington, Dela., more than to herself. Aside from the glare of the personalities in the singles, the doubles match was the most interesting of the two. It went three sets and was won by the Wills-Jessup pair from Mrs. Mallory and Miss Edith Sigourney of Boston, 6-4, 7-5, 6-3.

SISLER INCREASES LEAD OVER COBB
Chicago, Aug. 19.—George Sisler, batting star increased his lead over Ty Cobb, pilot of the Tigers for the batting honors of the American league today by ten points. Sisler is hitting .408 and Cobb .398.

Sisler today got four hits in seven times at bat and Cobb poled three hits in nine times at bat.

HELEN WAINWRIGHT SET NEW RECORD
NEW YORK, Aug. 19.—Miss Helen Wainwright, New York today set a new American swimming record for one mile in the National Mile championship at Manhattan Beach making the distance in 26 minutes 44 and 3 5 seconds. The former record 31 minutes, 19 1 5 seconds was made in 1916 by Miss Claire Galligan.

FIGHTING CUBS COME BACK AND CLAW GIANTS

Take Pitchers' Duel by Score of 2 to 1 in 11 Innings—Alexander Gives Perfect Support.

CHICAGO, Aug. 19.—The fight Cubs came back today after their decisive trouncing yesterday and played the champion Giants for 11 innings. Hackenschmidt's double in the overflowed in right field in the final frame sent the rally and Krug sent a single into left scoring Heather who was running for Miller. The game was a pitchers' duel between Nehf and Alexander. Nehf started poorly and was a little wild, tightened up as the game progressed. The Cub veteran, aided by perfect support was in trouble only a few times. His worst inning was fifth, when Snyder singled, went second on Nehf's single and hit a hot liner to Alexander. He doubled Nehf at first. The Cubs their first score in the second. One down, Krug singled. O'Fall hit to Bancroft who after a full held the ball and both Krug and catcher were safe. Alexander hit Nehf and Krug was caught at plate. Maise's single to center brought O'Fall home.

Chicago men were on base in inning but three, but failed to hit when they were needed. Snyder hit a long fly in the second was prevented from going into left field bleachers by a wire set. The ball bounced back into the and Umpire McCormick called home run but Rigler overruled and kept Stegen on third and Snyder on second. A hit into the over went for only two bases. The failed to score when Nehf fied Grimes, ending the New York score.

The Score:
New York A. B. R. H. O. A. E.
Bancroft, ss4 0 0 2

ILLINOIS ATHLETIC CLUB EASY WINNER

ke A. A. U. meet at Detroit With Total of 108 Points Second Team Has 13 Points.

detroit, Mich., Aug. 19.—Displaying an array of athletes who rank among the leaders of the country, Illinois Athletic club decisively defeated all opponents in the annual cen-

tral A. A. U. senior track and field championships staged today under auspices of the Detroit News.

The Illinois club went into the lead at the start and continued adding to its total until the meet was concluded. Twelve first places were captured by the meet winner which scored a total of 108 points.

Illinois' nearest rival was the Detroit Young Men's Order, which gained 13 points. Detroit Y. M. C. A. was third with nine.

Four Central A. A. U. records were

shattered all of them by athletes wearing the colors of the I. A. C. Altho two of his teammates made an equal number of points, Herald A. Jones of the Illinois club provided the greatest thrills of the day's contests. Twice he defeated Loren Murchison his teammate and widely known sprinter in dashes, once for a district record.

Jones took the 100 yard dash from Murchison almost at the tape, cutting in front of the latter of the finish. Jones also took the 220 yard dash, leading all the way. His time was 21.4 seconds, 2.5 of a second faster than the former central A. A. U. record, made by S. K. Hamilton, C. A. A. August 31, 1907.

Karl W. Anderson clipped one tenth of a second from the 220 yard low hurdle record, winning in 24.5 seconds. The former record was held by C. A. Cory of Chicago A. A., and was made in 1913.

Jim Shanahan threw the 56 pound weight 33 feet, 8 1/2 inches. The former was made by Blackwood of the Chicago A. A. in 1921.

Howard B. Hoffman, former University of Michigan star now under I. A. C. colors hurled the javelin 184 feet, 2 inches.

Bramwell French of the I. A. C., won the five mile race handsly.

Joie Ray won the mile run by 125 yards without undue exertion. Thomas Campbell, Yale star won the half mile easily.

Harold M. Osborne, Shanahan and Jones were the high point scorers of the meet, each winning 10 points.

CATHOLIC CHARITIES DIRECTORY ANNOUNCED

Work of Importance Accomplished After Many Years—Joseph D. Becker of This City Serving Efficiently as Assistant Conference Secretary.

That a Catholic Charities Directory is soon to be issued will be the announcement of the National Conference to be held in Washington, D. C. soon. Some special interest attaches to this announcement from the fact that Joseph Becker, son of Mr. and Mrs. A. W. Becker of this city is assistant secretary of the conference. Mr. Becker expected to come home for a summer vacation but his work has kept him busily on the job in Washington. A paper published in the national capital gave the following facts about the directory and its importance.

The National Conference of Catholic Charities, at its annual meeting in September at the Catholic University, will be able to announce the realization of a long cherished ambition, the publication of the first Directory of Catholic Charities in the United States.

Ever since the foundation of the conference in 1910, there has been an urgent demand for a national directory. But, because of the many difficulties in the way of obtaining the necessary data, attempts to compile this work failed. The first attempt was made by Rev. Dr. William J. Kerby, first secretary of the conference, in 1912, but because of the lack of organization of Catholic charitable work at that time, it was impossible to obtain sufficient data to warrant publication.

In 1920, however, when work on the present book was begun, conditions had changed. In nearly all the important dioceses and archdioceses, largely as a result of the national conference, there had been formed bureaus of charity, the purpose of which was the co-ordination and extension of charitable work wherever necessary. Rev. Dr. John O'Grady, the present secretary of the conference, undertook the gathering of a vast amount of information concerning the types of charitable and allied activities throughout the United States. With the assistance of J. D. Becker of the Catholic University, this data was edited and is now ready for distribution. Thus, the work is done for the first time to furnish the extent and quality of charitable work of the Catholic church in the United States.

The Directory of Catholic Char-

ities in the United States is a loose-leaf, octavo volume of over four hundred pages, including a very complete classified index. Its scope is much broader than the title would at first suggest. The topic headings of the index will give a fairly comprehensive idea of the contents. Thus, there are Homes for the Aged, Big Brother and Big Sister Organizations, Homes and Schools for Deaf Mutes, Homes and Schools for Feeble-Minded, Boarding Homes for Girls and Women, Bureaus of Catholic Charities, Home Finding Agencies, Child Welfare Societies, Homes for Convalescents, Homes for Delinquent Boys, Homes for Delinquent Girls and Women, Employment Bureaus, Fresh Air Work, Sisterhoods Engaged in Home Nursing, Shelters for the Homeless, General Hospitals, Maternity Hospitals, Hospital Social Service Departments, Industrial Schools, Homes for Infants, Juvenile Court Work, National Organizations (e. g., the Society of St. Vincent de Paul), National Catholic Welfare Council, Christ Child Society, Knights of Columbus, Bureau of Catholic Indian Missions, Ladies of Charity of St. Vincent de Paul, National Conference of Catholic Charities, Homes for Orphans, Prisoners' Welfare Organizations, Relief Societies, Room Registries, Social Centers and Settlements, Training Courses in Social Service, Particular Councils and Parish Conferences of the Society of St. Vincent de Paul, Shelters for Transients, Women's and Girls' Clubs and Societies, Homes for Working Boys and Men, Hospitals for the Insane and Nervous, Hospitals for Cancer, etc.

From this sample of the topic headings, the extraordinary compass and value of the work is apparent. The compilers of the directory have spared no pains to make the work not only complete and comprehensive, but also convenient. Therefore, in the text of the directory, a detailed description of each of the agencies and institutions included, has been arranged alphabetically according to states and dioceses within the states. In each diocese the charitable works are arranged under certain general headings and alphabetical by the cities in which they are located. As a result there is a national directory and also a collection of separate states and diocesan directories, an arrangement which enables the user to ascertain at a glance the extent of charitable activities in any specific locality.

An additional feature whereby the book is rendered as convenient in size as possible is the exclusion of advertisements and irrelevant matter. In spite of this feature which necessarily makes publication more costly to the conference it has been decided to place the book on sale for the nominal price of \$2.50, plus postage. It is hoped that the demand from the clergy and laity, charitable and social work agencies and all others interested in charities or social service will be made apparent immediately, so that the publishers may be able to estimate the number of copies needed. Orders are received at the business office of the National Conference of Catholic Charities, 700 Eleventh St., Washington, D. C.

KINSEY BROTHERS SPRING SURPRISE

NEWPORT, R. I., Aug. 19.—The default entered by Henri Cochet and N. W. Niles, as they were within a point scoring a straight set victory over the Kinsey Brothers of California, in the semi-finals of the Casino doubles play yesterday had a surprising aftermath in the final match today. The Kinsey team all but beaten making the most of the eleventh hour of life which Cochet's call to military service in France had granted turned on the internationalists and former champions, R. N. Williams, II, and W. M. Washburn and rapped out a five set win. The scores were 5-7, 6-3, 6-2, 2-6, 6-3.

Defeat of the Williams-Washburn team in the past decade since it grew out of a playing partnership on the Harvard college courts has been rare. This partnership has been carried into Davis cup play as the nation's representatives in several years. It has been a champion combination in these and other years?

PAHLMAN EQUALS RECORD OF BROOKS

Danville, Aug. 19.—First Baseman Pahlman of the Danville Three Eye League ball club, made hits in each game of today's double header with Moline, equalling the twenty-nine hit record for the season set by "Mandy" Brooks, of Peoria.

DEMPSY LEAVES MICHIGAN CITY

Chicago, Aug. 19.—Jack Dempsey, left Michigan City in disgust and came to Chicago today when he learned efforts to stage the bout with Bill Brennan had failed. He arrived here in none too cheerful frame of mind particularly in view of the fact that the preliminary preparations have cost him about \$5,000.

KEARNS SAYS NO BOUT IN SIGHT

Michigan City, Ind., Aug. 19.—Jack Kearns, manager of Jack Dempsey issued a statement tonight saying that the heavyweight champion would not appear in an exhibition match against Bill Brennan here on Labor Day.

Kearns said that there were no prospective bouts for Dempsey except that with Harry Wills in New York.

SHERDEL WEAKENS IN NINTH—CARDS LOSE

Put His Team in Lead With Single, Double and Home Run—Blades, St. Louis Boy Played With Cardinals.

ST. LOUIS, Mo., Aug. 19.—After battling his team into the lead by knocking out a single, a double and a home run, Sherdel weakened in the ninth inning and permitted Philadelphia to win 8 to 7. Ray Blades, a local youth who reported to the Cardinals today appeared in the Cardinal lineup. The score:

Philadelphia, A. R. H. O. A. E.
Wrightstone, 3b 3 0 1 1 3 0
Parkinson, 2b 3 2 1 2 3 1
Williams, cf 5 1 2 0 0 0

STREET CAR FRIGHTENS HORSE

A horse driven to an ice wagon belonging to the Snyder Ice and Fuel company became frightened and tore itself loose from the wagon yesterday morning because it saw a new light, a street car. The horse was a recent arrival in the city, having spent all its life in the rural districts. Street cars were a new evil that its mother had not informed it how to meet. The animal broke the harness, scared the driver, and created excitement generally, and was so badly upset by the incident that it

required some time to quiet down.

PICTURE OF OUR HIGH SCHOOL CAFETERIA IN AD

In the advertisement of Albert Pick and Co., in the "American City" this month appears a picture of the cafeteria in Newton Bateman Memorial high school of this city. The legend under the picture read, "Don't your students deserve an eating place like this?" This ad goes to show that the supply house is proud of its work on the local school.

A New Kitchen Pleasure

which YOU may have...

When you first use a Monarch Range you experience a new pleasure in your kitchen work. And, as the years go by, you appreciate more and more that this range is different from others you have used. People who bought Monarchs twenty years ago all tell the same story:—that the old Monarch bakes as well with as little fuel as ever. And usually they add, "It looks almost like a new range."

How is it that this range gives such unusual service? There is a very good reason—something that every housekeeper ought to know. The Monarch is made of malleable iron and rivets. There is a very good reason—some Malleable iron does not crack or break. And riveted joints—made tight without stove putty—can never open up to cause air leaks which waste fuel and interfere with baking.

Vitrified Rust Resisting Flues

The flues of the Monarch are protected against rust by Vitrified Linings—the only effective form of rust protection practical for use under the extreme variations of temperature that occur in range flues. In choosing your range, think first of these important things. Don't be influenced by trifles. Never forget that if your range is to give long and satisfactory service, it must be built the Monarch way.

Monarch Malleable

Continued Satisfaction With Low Fuel Cost—through long years of service!

The Monarch is Easy to Keep Clean

The Monarch's handsome, blue-black, Miroc top needs no stove blacking. The white porcelain panels and blued steel body are quickly cleaned with a cloth. The few nickel parts are perfectly plain. There is no ornamentation to catch dirt.

Duplex Draft

Fuel burns evenly in the Monarch's firebox, due to the patented Duplex Draft. It provides uniform heat to all parts of the top and oven. And it leaves no unburned fuel to be thrown out with the ashes.

MISS BOSTON BRIDE OF ST. LOUIS MAN

Miss Louise Boston and Lloyd F. Slagle United in Marriage Saturday Evening—Will Reside in St. Louis.

Miss Louise Boston of this city and Lloyd F. Slagle of St. Louis were united in marriage at 8 o'clock Saturday evening, the ceremony taking place at the home of the bride's parents, Mr. and Mrs. W. E. Boston, 544 Hardin avenue. The marriage service was a simple but impressive one, Rev. M. L. Pontius, pastor of the Christian church, officiating.

The bride and groom were attended by Miss Vivian Boston, a sister of the bride, and John Hudgins of St. Louis. The ceremony was witnessed by a limited number of relatives and friends of the young people.

Following the ceremony there was an informal reception and a wedding supper at the Boston home. The various rooms at the disposal of the guests had been prettily decorated for the occasion. Flowers and ferns being used in great profusion and with fine effect.

The bride is one of the popular young women of Jacksonville, having spent all her life in this community. She attended the local schools and graduated from the high school and Brown's Business college. Later she became a stenographer at the State School for the Deaf, a position which she held until a recent date.

Mr. Slagle is a son of Mr. and Mrs. D. F. Slagle of Arkansas. He has for some time been connected with the public library at St. Louis and it is in that city that he and his bride will make their home, following a two-weeks' visit in Harrison, Ark.

Among the out of town guests at the wedding were Mr. and Mrs. John G. Wilson of Springfield and Mrs. Hayes of Prentice.

MAY HAVE HORSE SHOW AT FAIR

May Hold Show of Fancy Saddle Horses—Fifteen Entries Must Be Had If Show Is Held.

Plans are underway by a number of Jacksonville citizens who are lovers and owners of good riding horses, to stage a show of them on Wednesday night of the county fair.

The fair board is willing to back this endeavor if fifteen entries are secured by Saturday, August 26th. If the plans are carried out the show will be held in the stock show tent. Seats will be available for a thousand persons and the tent will be brilliantly lighted. A band will be engaged to furnish music during the performance. There are a number of local people who own pure bred riding horses and will be glad of an opportunity of this kind to allow them to prove their blood.

The premiums for this event, which will be added to the premium list are as follows:

G. Mare or gelding, 4 years or over: \$7, \$5 and \$3.

H. Mare or gelding, 3 years and under 4: \$7, \$5 and \$3.

TRIAL OF GREEKS COSTLY TO SCHUYLER

Must Pay To Adams County More Than Five Thousand Dollars.

The Quincy Herald explains how expensive the trial of twenty-nine Greeks in the Adams County Circuit court was to Schuyler county.

Trying the twenty-nine Greeks who were found guilty of killing Sheriff Edward Lashbrook of Schuyler county, cost Schuyler county more than \$5,000. The bill that Adams county will present to the board of supervisors of Schuyler for its approval comes to exactly \$5,238.69.

This sum isn't all that the county will have to pay because of the fatal shooting of the sheriff and his two deputies, Carl Neff and Frank Uter, at Frederick on the evening of April 28. Morgan county has put in a bill for boarding the twenty-nine Greeks for about a month. After the foreigners' arrest they were rushed to the county jail at Jacksonville and held there until they were brought to Quincy for trial.

Board Biggest Expense

The per diem and board and lodging of the jurors is the biggest item of expense, according to Lee Donley, circuit clerk, who has submitted the report to the finance committee of the board of supervisors. Boarding the jury of twelve and lodging them costs Schuyler county \$575.00. Besides the twelve who were accepted to hear the case, there were ninety other jurors called who were examined but not accepted. The mileage and pay of the 102 comes to \$953.40. Serving the two special venues with a summons to appear in court cost \$96.95. This brings the grand total for the jury alone to \$1,625.85.

The second largest item in Adams county's bill is the money paid out to witnesses. This amount comes to \$1,255.30. Board of the twenty-nine prisoners in the Adams county jail is computed at \$1,140.

Schuyler Will Pay

Every cent of the \$5,238.69 will be refunded by Schuyler county. The case was brought here on a change of venue from Schuyler county and the Greeks were found guilty of slaying the sheriff. Ten of the twenty-nine, however, were granted new trials, and the charge against two was dismissed. The remaining seventeen were taken to penitentiary at Joliet. The ten who were granted a new trial were released and are now scattered over the country, most of them being in Chicago, it is said.

LOCAL PEOPLE RETURN FROM HOLINESS MEET

W. C. Riggs, Everett Clampl and family, Rev. A. L. Abbott and family of this county have returned from the two weeks' session of the Illinois Holiness association at the association grounds north of Springfield. A very successful meeting was had this year. Hundreds received conversion at the meeting, and other hundreds baptism.

Mr. Riggs' sister, Rev. Mrs. C. W. Rose of Vermont led the children's session of the big meeting. In the regular session services began at 6 a. m., and lasted until late at night.

On one day of the meeting everyone fasted and prayed, as it was thought that the meeting was

not having the success anticipated. The day after the fast many joined, thus cheering up those in authority.

Next year a session of three weeks will be had instead of two as has been the custom in the past.

J. W. McALISTER TAKEN BY DEATH

Well Known Resident of Woodson Passes Away—Funeral Services Monday Morning.

J. W. McAlister, a prominent resident of Woodson was called by death at 9:10 o'clock yesterday morning at his home. He had been ill for many months.

The deceased was born in Woodson in 1855 and has lived his entire life at that place. He was widely known as a dealer in live stock and highly respected as such. He was a member of the Christian church, always holding an active part in affairs of that institution.

He is survived by his wife, Mrs. Eliza McAlister, two daughters, Mrs. C. E. Dewees of Rantoul and Miss Grace McAlister of Woodson and one son, Russell McAlister of Jacksonville.

Funeral services will be held from Woodson Christian church at 10 o'clock Monday morning. Burial will be in Sheppard cemetery.

KEEP EQUIPMENT IN CONSTANT USE

Standard Paving Company Operates Trucks Day and Night—Keeping Ahead of Coal Rush.

Persons who have been giving attention to the methods of the Standard Paving Co., in connection with the company's contract work now being done in Jacksonville, cannot but notice the efficient way in which the equipment of the company is used.

Workmen who put in the curb and gutter, did the excavating and the concrete mixing and spreading have moved more rapidly and the work has progressed in a very satisfactory way.

The company certainly puts its trucks to good use and they are kept in operation practically twenty-four hours a day. Heavy trucks cost a lot of money and the way to make them profitable is to keep them moving. Evidently that is the policy of Mr. Thatcher and the Standard Paving Co., for the trucks brought here for the construction work are almost constantly on the move. They have automatic dumping equipment and the loading arrangements are such that very little time is lost at the cars.

No doubt one reason that Mr. Thatcher has kept the equipment in such constant use in unloading gravel, sand and other materials is the knowledge that as soon as coal begins moving in a normal way that the difficulties of securing car load shipments of building materials will be greatly increased. Open cars are used for the transportation of gravel, rock, sand and material of that kind, but in view of the coal shortage it is expected that an order will soon be made limiting the use of open cars for the transportation of anything other than coal.

CLUBS AND SOCIETY

Birthday Party For Marjorie Mulligan.

Miss Marjorie Mulligan was the guest of honor at a birthday party at the home of her aunt at 215 West College avenue. Today is the little girl's seventh birthday. Misses Anna Prather and Blanche Collon assisted with the entertainment and serving the fifteen guests.

Will Spend Week End at Quiver Beach.

Several girls from this city will spend the week-end at a cottage at Quiver Beach. Mrs. Roy Fernandes will act as chaperone. They include Misses Iva Shepherd, Rena Bayliss, Mary Winchester and Doris Lindeman.

Philathea Girls Will Camp at Mantanzas.

Members of the Philathea Circle of the Central Christian church are to camp next week at Fairview near Mantanzas. The members are Misses Ruth Henderson, Irene Goddall, Velma Van Hynning, Elvah Shore, Lorene Dewees, Mary Knollenberg Thompson and Mrs. Thompson will leave Monday morning. Eight others will go up Wednesday and finish the week.

SHADIDS TO LEAVE FOR SOUTH AMERICA

Mr. and Mrs. John A. Shadid and Son Will Visit Brazil and Various Other Points—To Stay Indefinite period.

Mr. and Mrs. John Shadid and son Melvin of this city are leaving for New York tomorrow where they will catch the steamer Vauhan, for Est De Sou Poul, Brazil. The six thousand mile journey has been anticipated for some time by the family and it is likely that some time will elapse before they return to America. Mr. Shadid's mother and many other relatives are residents of Brazil and it is planned to make them a long visit.

Mr. Shadid has arranged his interests in this city for a prolonged stay in the Southern land. He has a brother in business in Brazil and if he sees a fitting opportunity for himself may not return to this city.

The enterprising business of Shadids Shoe Repair Shop will continue as usual under the management of D. A. Shadid.

MRS. LOIS BAPTISTE HARSCH WINS WORDS OF PRAISE

Mrs. Lois Baptiste Harsch and son, Harold Lewis, Jr., of Peoria are making an extended visit with Mr. and Mrs. Lewis W. Baptiste in their country home south of Jacksonville.

During the spring season, Mrs. Harsch filled a number of important engagements, appearing before the Friday Club, Amateur Musical club, Child Study club, Lions' club, regarding her appearance before the amateur club the Peoria Star says: Mrs. Harsch played brilliantly. Her numbers were enthusiastically received and she graciously responded with an encore. Her appearance on a program is always keenly anticipated for she is a favorite pianist in the club.

Besides her concert work Mrs. Harsch accepts a limited number of pupils two of which won first and second honors in the Tazewell County High school contest which was held in May.

Miss Marguerite Wilcox of Month was a caller in the city yesterday.

Harry Kumble was a caller in the city yesterday on business from Alexander.

LOCAL MAN SLIGHTLY GASED SATURDAY

Edward Rawlings, an employe of the Jacksonville Railway and Light Company was overcome by escaping gas while tapping a mail at the intersection of North Du Mond and West North streets yesterday morning. The city pull motor squad was summoned but it was unnecessary to use the instrument as the man regained consciousness almost immediately. The victim was taken to his home quite ill because of the gas but will be able to resume work next week.

ASIA BELIEVED TO BE THE CRADLE OF THE LIFE OF THE WORLD

Scientists Believe That Wastes of the Gobi
Desert Hold the Long Sought Missing
Link in the Evolution of Mankind—Borne
Out by Recent Discoveries by Explorers

NEW YORK, August 19.—Proof of the paleontologists
theory that Asia was the "mother of continents" and
the cradle of life on this globe—carrying with it great
promise of the discovery in the wastes of the Gobi desert
of the long-sought "missing link" in the evolution of man-
kind—has been found by the Third Asiatic Expedition led
by Roy Chapman Andrews for the American Museum of
Natural History, Henry Fairfield Osborn, the Museums di-
rector, announced today.

The "proof", to the uninitiate, would appear to be just
a heap of fossilized bones, dug up by a band of curious men
in the frozen wastelands of Mongolia. But to the mind
trained in groping back through hundreds of thousands of
years for history of the days when man was not, these fos-
silized remains of dinosaurs and other prehistoric beasts
and reptiles furnish a conclusion simple and inevitable as
two times two.

The discoveries, barely hinted
at in cable dispatches are fully re-
ported and interpreted by Dr. Os-
born—original proponent of the
Asia, mother of continents" hy-
pothesis—in the current issue of
the magazine Asia. The magazine
cooperated with the museum and
the American Asiatic Association
in organizing this most ambitious
of all similar expeditions, toward
the financing of which liberal
contributions were made by J. P.
Morgan, John D. Rockefeller, Jr.,
Mrs. William D. Straight, George
F. Baker, Darwin P. Kingsley,
Wright W. Morrow, Childs Frick,
V. A. Harriman, the late H. P.
Davison and many others.

The hypothesis put forward by
Dr. Osborn in 1900—and now
confirmed to his satisfaction—
was based on the fact that two
great deposits of remains of ani-
mals at the dawn period of mam-
malian life on the northern hemi-
sphere had been found previously
widely separated points—the
one in Europe, the other in the
American Rockies.

They could not have originated
there the remains were found,
Dr. Osborn reasoned, else they
could have spread westward from
Europe and eastward from the
 Rockies during the period of
early dispersal. Hence, he held,
they must have originated at some
halfway spot on the less explored
side of the globe, travelog as
far as the Rockies on one hand
and Europe on the other, before
he early sun set on the last of
their line. He then drew up a
series of charts locating Asia as
the dispersal center, and plotting
out with a pretty remarkable in-
sight of the expedition's discov-
eries, the spots where the first
centers probably were located.

A little further on than the ex-
pedition has gone so far is the
section labelled "primate"—the
pecies of ape held by paleontol-
ogists to have been the first an-
cestor of man.

So enthusiastic has Dr. Osborn
become over the expedition's dis-
coveries to date, and the promise
of the future that he plans to
all for Peking, the winter head-
quarters, September 15, to get
first hand reports and aid in map-
ping out the campaign for the sec-
ond year of the five year program.

Writing with elation, on the re-
port received from Mr. Andrews,
Dr. Osborn said of the fossil de-
posits:

"This discovery gives the ques-
tion to one of the four great an-
swers which the expedition sought
to solve, namely: whether an-
cient Asia is the mother of the
life of Europe to the far east, of
North America to the far west. It
is a kind of realization of a pale-
ontological Garden of Eden—of
the birthplace, or Asiatic home-
land, from which many kinds of
reptiles and mammals spread

westward and eastward.
"The existence of such a center
has long been a matter of pure the-
ory. We have waited until 1922
to verify it. This verification has
come with unexpected suddenness
and with a completeness beyond
our fondest hopes, and there still
remain four years in which the
great expedition, under Roy Chap-
man Andrews will fill out the de-
tails."

Mr. Andrews' report was made
in a letter dated May 9 at Urga,
in Upper Mongolia. The party
had set out from Peking a month
before, traversing the desert by
motor truck toward Turin, where
they planned to meet a caravan of
75 camels with supplies, which
had been sent on ahead.

Halfway across Mongolia, be-
tween Kalgan and Urga, the at-
tention of the explorers was
caught by some interesting geo-
logical exposures, and camp was
made. While supper was cooking
the three geologists of the party—
Walter Granger, Charles P. Ber-
key and Frederick Morris—began
prospecting, and with a few yards
of camp discovered some bones of
dinosaurs. This was the first dis-
covery of giant reptiles in north-
ern Asia.

The region promised to be so
interesting that Mr. Andrews left
the geologists at work and pushed
on to Turin, 152 miles south of
Urga, with other members of the
party to meet the caravan. He
accompanied the caravan to Urga
planning to plunge deeper into
the heart of Asia. But at Urga
he received a letter from the fos-
sil hunter-in-chief, Granger, tell-
ing of such rich discoveries that he
hurried back.

The dinosaurs, remains of which
were discovered in great profus-
ion, were found to belong to the
Upper Cretaceous period—the very
close of the Age of Reptiles—and
to be strikingly similar to those
of the Rockies in America and
those found in Europe.

On top of the dinosaur beds
were layers of mammalian fossils,
belonging to the dawn period of
mammalian life—the Eocene. Above
these were fossils belonging to the
Lower Miocene, or middle period
and mingled with these were the
remains of a giant mammal not
found either in Europe or North
America, but similar to one dis-
covered some years ago in Baluch-
istan, southwest India, and dubbed
Baluchitherium—the largest land
animal known to have existed.

Other findings included fos-
sils of rhinoceroses, immense
tortoises, large carnivores, croc-
odiles and turtles and enough oth-
ers to make a Barnum weep that
none such still live.

These bygone animals, said Mr.
Granger, bore unmistakable re-
semblance to those found in
Wyoming, including two kinds
of flesh-eating dinosaurs and a
(Continued on Page Ten)

GASOLINE FIGURES GIVEN IN REPORT

Decline Shown in Storage Stocks
—Reduction Due To Seasonal
Demand.

Washington, D. C., Aug. 19.—
Gasoline stocks at refineries in the
United States July 1 registered a
slight decrease from the figures
for the previous month, according
to statistics compiled by the Bu-
reau of Mines, which show 824,-
966, 456 gallons on hand. This
is a decline of approximately 32,-
000,000 gallons from the figures
for June 1, reflecting the normal
seasonal drop due to increased use
of automobiles in the summer
months.

Domestic consumption of gaso-
line for June was 507,000,000
gallons as compared with 499,-
000,000 gallons for May and 386,-
000,000 gallons for April. The
May figure represents an increase
of 41 per cent in consumption as
compared with May a year ago,
while a similar comparison for
June shows a 14 per cent decrease,
a more nearly normal figure.
Stocks for June are 10 per cent
in excess of June a year ago.

Production of gasoline for June
amounted to 525,940,000 gallons,
an increase of 12,000,000 gallons
over May and 51,000,000 gallons
over April.

Figures furnished the Bureau
of Mines by refineries for the first
six months of 1922 show an in-
crease of 9.9 per cent in domestic
production of gasoline as compar-
ed with a similar period in 1921.
The increase in domestic consump-
tion is 6.1 per cent in excess of this
amount or 16 per cent.

Average Oil Run

A daily average of 1,547,000
barrels of oil was run thru the
still of the 310 refineries report-
ed as operative during the month
of June. These figures show a
daily increase of 30,000 barrels
in the amount of oil run and a
decrease of five in the number of
operating plants reporting as com-
pared with the month of May.
Plants reported during June were
running an average of 68 per cent
of their daily indicated capacity.
In addition to the plants referred
to above, it is estimated that there
were probably ten plants of small
total aggregate capacity, operat-
ing during June from whom no
advices of any nature were receiv-
ed by the Bureau of Mines.

Imports of gasoline for June
amounted to 3,886,656 gallons;
exports were 5,730,889 gallons;
and shipments to insular posses-
sions were 1,872,776 gallons.

Production of kerosene for June
amounted to 173,649,592 gallons,
a daily average increase of 181,-
000 gallons. Stocks of kerosene
on hand July 1 amounted to 317,-
574,464 gallons, a decrease of 1,-
300,000 gallons for the month.
Exports and shipments of this
product were 71,500,000 gallons.

Production of gas and fuel oils
in June amounted to 803,056,578
gallons, which is a practical main-
tenance of the May rate of pro-
duction. Stocks on hand July 1
were 1,326,939,662 gallons which
is a slight increase.

The output of lubricating oil for
June was 80,138,257 gallons,
which indicates a daily average in-
creased production of 95,000 gal-
lons. The seasonal demand for
lubricants reduced stocks to a fig-
ure of 226,903,812 gallons on
hand July 1, a decrease during
the month of 39,000,000 gallons.

AUTOIST ATTEMPTS TO CLIMB LAMP POST

An unknown auto driver yester-
day afternoon made a fruitless at-
tempt to climb the three globe
lamp post in front of Armstrongs
Drug store. He put on quite an
attractive exhibition of the soar-
ing powers of an automobile at
the cost of only a fender or two.
All three of the large globes at
the top of the pole were shattered
by the impact, but the auto ap-
parently none the worse as me-
chanism was concerned proceeded
on its search of adventure.

MISS CHILES WILL TEACH

Miss Helen Chiles of Palmyra,
a graduate of Illinois Woman's
College last spring, has been en-
gaged to teach Latin and History
in Bluffs Community High school.
Miss Chiles will fill the vacancy
made by Miss Norma Perb who
is now studying in Europe.

J. H. Sublett of Bluffs was a
traveller to the city yesterday.

Miss Ferreria Doing Great Work in Honolulu.

The Champaign News-Gazette
in a recent issue has an article
concerning the work of Miss Mary
Ruth Ferreria, in Honolulu. Miss
Ferreira, who is a former resi-
dent of Jacksonville, has been
living in Honolulu for a number
of years and is devoting her life
to helping crippled children.

As a direct result of Miss Fer-
reira's work it has been announced
that Shriners are to build a
splendid hospital in Honolulu for
crippled children.

Paragraphs from the News-
Gazette are given, the article
having been written by D. W.
Stevig, publisher of the paper
who some months ago visited her
in Honolulu.

When the publisher of The News-
Gazette was in Honolulu the early-
part of this year, he met a most ex-
traordinary and remarkable woman,
Miss Mary Ruth Ferreria. Because
he came from Champaign county, Illi-
nois was one of the reasons for the
making of the acquaintance of this
woman as Miss Ferreria in 1907 and
1908 taught school near Monticello.
Living in Honolulu on the little is-
land of Oahu in almost the center
of the big Pacific ocean, naturally
Miss Ferreria was anxious to meet
some one from "home."

This young American woman is do-
ing a tremendous good in Honolulu
and her efforts are crowned with
success that should and does bring
visiting friends in Champaign,
most interesting and too much good
news to her heart. Her life work is
Honolulu.

When the publisher of The News-
Gazette was in Honolulu the early-
part of this year, he met a most ex-
traordinary and remarkable woman,
Miss Mary Ruth Ferreria. Because
he came from Champaign county, Illi-
nois was one of the reasons for the
making of the acquaintance of this
woman as Miss Ferreria in 1907 and
1908 taught school near Monticello.
Living in Honolulu on the little is-
land of Oahu in almost the center
of the big Pacific ocean, naturally
Miss Ferreria was anxious to meet
some one from "home."

MISS MARY RUTH FERRERIA

G. Ferreira of Chicago, and her
friends in Monticello and Springfield,
and her sister in Alabama, she will
return to that far away land to again
take up her beloved work, "the car-
ing and helping of little crippled
children." Read about some of the
interesting parts of this good wom-
an's career.

Her Ideals
Miss Ferreria graduated from the
Illinois State Normal in 1906. She
loved little children and her ambi-
tion was to teach them. Monticello
offered her the first step toward her
ideal. For two years she taught
country school, near there, but her
ambition was to do more than that
and the day came when she was sent
to Honolulu to do mission work as
she had promised in her senior year
at college. She started her west-
ward journey and when she was
aboard the ship that was to carry
her away from the States, across
that great expanse of water to the
center of the sea, she realized she
was alone, but the thought of gain-
ing her idea, in the helping of little
children and the teaching of Chris-
tianity made her happy.

When she arrived in Honolulu, she
found much work to be done and for
several years she taught in the mis-
sion school. Then the call of cri-
ppled children reached her heart and
made her give up the mission work.
Soon she was "mothering" God's lit-
tle unfortunates. She had many in-
teresting cases and two of them that
stand out as the shining stars of
success were those of a little 12-year
old girl and a little 13-year old boy.

Pathetic Cases
In her work she found one day a
Spanish girl, Mary Rudin,
10 years of age, horribly crippled
from the dreaded disease of infantile
paralysis. The little one was at-
tending a public school and in the
play yard she was hobbling along,
walking by throwing her body for-
ward and with outstretched arms bal-
ancing on her frail and crooked limbs.
Each step was made with the great-
est physical effort. The face of the
little one was filled with such a tired
expression. She seemed to be above
the average in talent, desperate to
learn the ways of her more fortun-
ate playmates. She wanted to walk,
she wanted to run and play, to be
able to hold her dolly and not to
be forced to give every thought and
effort to the balancing of her crippled
body.

To the good little "Mother Nurse"
Miss Ferreria, the child quickly be-
came attached. The parents were
consulted about the advisability of
sending the girl to San Francisco to
a hospital suggested by a noted doc-
tor visiting in Honolulu. Miss Fer-
reira courageously met the issue and
succeeded in raising enough money in

1920 to take the child to San Fran-
cisco where science has made the lit-
tle one well. Miss Ferreria returns
to Honolulu in August. She will
take the girl home with her, cured.

Another Victory

Another splendid example of the
great success in Miss Ferreria's work
is shown by the pictures of the little
crippled boy. Several years ago she
found this Hawaiian lad, Johnny Sa-
kuma, a seemingly hopelessly cripple.
The youngster then was sitting on
his crossed legs in the position as
shown in the picture. He was 12
years old and for 10 years had been
sitting on his crossed limbs, helpless.
Notice he was resting on a piano
stool when the picture was taken.
A great bump had appeared on his
chest and on his spine. He was a
picture of distress, a most heart
breaking picture. The parents told
Miss Ferreria that it was impossible
for the lad to even move the toes
upon his bony little feet, it was out
of the question, nothing could be done
for him. She took the lad under her
personal care and for one hour a
day, for more than a year she work-
ed with those gnarled little limbs.
Imagine the joy and satisfaction that
must have been hers when at last
she saw an improvement in the lit-
tle fellows condition. At first he
could move his toes and then the legs
at the knees started to yield to the
patient endeavors of the good nurse
and at last he could stand on his
hands and knees. Now with the aid
of special made crutches designed by
the "Mother Nurse" the little chap
is walking. Miss Ferreria believes
that some day he will walk without
the aid of his crutches.

Deserves Honor.

Not long ago a big publishing com-
pany wanted to know of America's
greatest women. No one can dispute
that Miss Ruth Ferreria's name de-
serves a place in that honored list.
Contentment rests in the soul of the
individual that performs the good to
mankind that this woman has ac-
complished.

The work of Miss Ferreria and her
associates in the islands has not been
overlooked by the people there, nor
was it overlooked by the great body
of Shriners that visited Honolulu in
June last and elected to erect in that
city one of their famous hospitals for
crippled children. It was a God-send
for the 150 invalid youngsters and
was as though a gift from Heaven to
the good little "Mother Nurse."

Not many days will pass before
Miss Ferreria will be seated in a
deck chair on a big ocean liner, sail-
ing for Honolulu, and by her side
will be a little girl, who is going
home to mamma and papa.
What will be the thoughts of this lit-
tle "Mother Nurse" as she holds the
hand of the "cured child" and silent-
ly gazes upon God's great ocean?

WEEKLY DETOUR LETTER ISSUED

Division of Highways Tells Auto-
lists What Detours to Make in
Illinois.

SPRINGFIELD, Ill.—The de-
tour letter of the Division of
Highways, just issued, gives the
following information on detours
and conditions of state roads.

Route 1 Chicago to Metropolis
—Chicago to Marshall, pavement
now open to traffic. Marshall to
Carmi, detour south of Robinson.

Route 2 State Line at Beloit,
Wis., to Cairo, Clinton to De-
catur, route closed seven miles
north of Decatur; Vandalia to As-
hey, road all under construction;
Ashley to Cairo, detour half mile
east of Ashley.

Route 3 Morrison to Chester;
Alexander to Rock Island detour
north past Shilo church; East St.
Louis to Jacksonville, pavement
open at Alton, detour north of Al-
ton; East St. Louis to Waterloo,
road in fair condition to Colum-
bia.

Route 4 Chicago to East St.
Louis—Chicago to Joliet, pave-
ment in good condition; Joliet to
Bloomington, leave Joliet on Chi-
cago street to through Wilming-
ton to Dwight, following Burling-
ton trail to Dwight; Bloomington
to Atlanta, follow marked Burling-
ton trail.

Route 5 Chicago to East Du-
quoin—Chicago to Elgin, road large-
ly under construction; Elgin to
Belvidere to Rockford detours
marked and in fair condition;
Rockford to Staecton, follow
Giant Highway to north of Win-
nebago.

Route 6 Chicago to Fulton—
Pavement complete. No detours.

Route 7 Rock Island to Joliet
Rock Island to Joliet all through
traffic should avoid this road as
much as possible as the detours
are sandy and rough.

Route 8 Sheldon to Burlington.
El Paso to Secor traffic from El
Paso to Secor should go south
along the westerly limits of El
Paso; Peoria to Farmington traf-
fic should follow detour marked
by stake detour signs, Biggsville
Gladstone in good condition with
main detour marked by state de-
tour signs.

Route 9 Indiana Line East of
Hoopeston to Hamilton—Conger-
ville to Carlock detour to graded
earth road and in fair condition
at all times. Hamilton to Elvas-
ton detour a sandy clay road in
good condition is marked.

Route 10 Indiana Line East of
Danville to Jacksonville. Jack-
sonville, Springfield, Decatur,
Champaign, Danville earth roads
in good condition. Best route is
Old State Road Jacksonville to
Springfield.

Route 11 East St. Louis to In-
diana State Line. Road in good
condition except detour through
Troy.

Route 12 East St. Louis to Vin-
cennes, Earth road in fair con-
dition.

Route 13 East St. Louis to
Shawneetown-Belleville to Shaw-
neetown take route through New
Athens. Earth roads in good con-
dition.

Route 14 Carmie to Duquoin—
Duquoin to Benton take earth
road one and one half miles east
of Buckner.

Route 21 from Chicago to Wis-
consin State Line through Lib-
ertyville, the route is closed to
traffic between Wheeling and
Libertyville.

Route 22 from Plainfield to
Joliet. Part of the road is now
under construction.

Route 24 on the road from
Springfield to Peoria. Repair
work has been completed between
Peoria, Bartonville and Hollis.

Route 28 Galesburg to Alton
The road is practically all under
construction.

SOCIAL DOMESTIC SCIENCE CLUB MEETS

The regular meeting of the So-
cial Domestic Science club was
held Friday afternoon at the re-
sidence of Mrs. Mary Bell on South
Church street. There was a large
attendance of members present,
also many visitors. The out of
town guests were: Mrs. Amanda
Cavins of Los Angeles, Calif;
Mrs. Jonnie Davis and daughter,
Mrs. Welda of Quincy; Miss Eliza-
beth Lewis of Pittsfield, Mrs. H.
J. Jones of Evanston, Mrs. Louise
Wright of Frankfort, Mo.; Mrs. B.
J. Duncan, Mrs. Grace Enders,
Mrs. Emma Davis, all of St. Louis;
Mo.; Mrs. Edna Lewis, Mrs. Ollie
Crosslin, Miss Mary Maxwell, Mrs.
Rosie Hasten, Mrs. Josephine
Champ, of Springfield. After the
routine of business a short pro-
gram was rendered. Also the
guests made some very interest-
ing remarks. The hostess served
refreshments and was ably assist-
ed by Mrs. Elizabeth Weir, Mrs.
Fannie Strong and Mrs. Hannah
Merriweather. The club adjourned
to meet the 3rd Friday in Sep-
tember with Mrs. Mary Robinson
on Anna street.

BABY SHOW ENTRIES COME FROM OTHER COUNTIES

Entries have been coming in
rapidly to the office of Dr. R. V.
Brokaw, for the better babies
contest to be held at the Morgan
County fair.

Several entries have been re-
ceived from Sangamon and Scott
counties as well as our own. The
doctor would suggest that parents
enter their children as soon as
possible as the entries close Aug-
ust 28th, or as soon as two hun-
dred names have been secured.

Mr. and Mrs. T. P. Laning have
gone to Petersburg to attend the
funeral of Mr. Laning's brother,
C. B. Laning, who died Thursday
in his apartments in Hotel Ro-
chambeau, Kansas City.

FIGHT IN CONVENTION MAY CAUSE REOPENING OF DEBATE IS BELIEF

Constitutional Convention May Have a Stiff
Fight on Some of the Sections—Dissatis-
faction Over the Supreme Court Changes
is Given As One of the Points at Issue

SPRINGFIELD, Ill., Aug. 19.—A fight in the consti-
tutional convention when that body meets here in September
to approve the final draft, which may cause reopening of
debate on some sections, is developing according to infor-
mation secured by The Associated Press from various
parts of the state.

The final meeting had been looked upon by members of
the convention as a perfunctory session to formally ap-
prove the printed and engrossed document, but dissatis-
faction said to have arisen, especially over the proposed
changes in the supreme court and over the revenue sec-
tions, disclose a situation which it is said may result in
further prolonging the convention and possibly revising
of some articles.

The chief fight is developing
over the proposal to redistrict
the state for the election of supreme
court judges. By the proposed
redistricting Rock Island county
is taken from District 4 and placed
in District 2. District 2 includes
all the northern counties running
from the Iowa line to Lake Michi-
gan with the exception of Cook
county.

This change would eliminate
Justice James H. Cartwright of
Oregon, elected from the Sixth dis-
trict, whose 27 years on the su-
preme court bench makes him the
oldest member in point of service.
It also places Justice Floyd E.
Thomson of Rock Island, presen-
t chiefe justice, in District 2. He
was elected from District 4.
Justice Thompson is a Democrat.
The district to which he would
go in case the change is adopted
is Republican, and that district
could not elect another judge un-
til the end of Justice Thompson's
term, which does not expire for a
number of years.

The situation is causing much
opposition from counties affected
by the change, and has resulted
in a proposal that the supreme
court bench be increased to nine
members, leaving the present dis-
tricts as they are, but assigning
three judges to the district in-
cluding Cook county.

The proposed change to nine
judges has been discussed by
Henry I. Green, chairman of the
committee on submission of the
constitution, in a letter to Attor-
ney C. E. Dietz of Moline, a dele-
gate to the convention. Mr. Dietz
is said to favor remodeling the
proposed section and is writing
letters to members of the con-
vention urging it.

The revenue sections are said
to be causing trouble also, accord-
ing to William E. Trautman, mem-
ber of the convention.
"It is impossible to levy taxes
in a manner to suit everyone,"
said Mr. Trautman. "And of
course there is going to be com-
plaint against the proposed re-
venue sections."

The opposition to these sections
is understood, is coming from
interests who believe the new con-
stitution would place heavy bur-
dens of taxation upon them, but
just that attack will be made has
not yet been revealed.

Discussion of any section may
be had under the present
status of the convention's proceed-
ings.

INCREASED CONSTRUCTION IN CHICAGO AND STATE

July building contracts in the
city of Chicago amounted to \$24,-
566,500, according to the F. W.
Dodgson Co. This is four times the
amount for the corresponding
month of last year and is also an
increase of 19 per cent over June
1922.

The two largest items in this
total are \$8,550,000 for public
works and utilities, and \$8,295,-
500 for residential building.

The total volume of construc-
tion activity for the first seven
months of this year has been
\$110,761,600, which is just doub-
le the amount for the correspond-
ing period of last year.

The State of Illinois as a whole
has also shown a gratifying in-
crease. July building contracts
amounted to \$32,737,300, which
is 9 per cent greater than the fig-
ures for the preceding month.

The seven months' total for the
state is \$171,843,200, an increas-
of 62 per cent over the correspond-
ing period of last year.

OFF FOR NORTHERN TRIP

Mr. and Mrs. W. E. Sullivan,
Mrs. Artie Martin and Mrs. Oliver
Page left yesterday for an extend-
ed trip thru Michigan and Wiscon-
sin. They will proceed North thru
Michigan and thence to Wiscon-
sin.

ASIA BELIEVED TO BE THE CRADLE OF THE LIFE OF THE WORLD

Continued from Page Nine) smaller running fellow called the ostrich dinosaur.

There were other fossils, of the dinosaur known as the Iguanodon—a tall, two-legged herbivorous beast which ranged from southern England to the New Jersey coast.

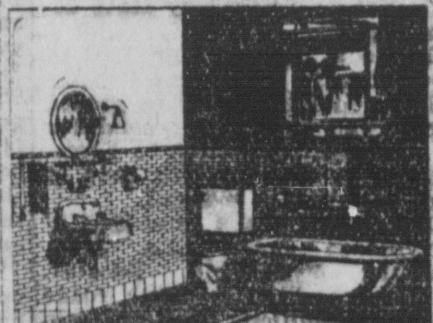

Describing his trip, Mr. Andrews wrote:

"We reached Turin without a single accident and, as we approached the outskirts of this Mongolian town, we saw a large caravan and decided to camp. Then I suddenly recognized the American flag and realized that it was the caravan of the American Museum Expedition. It had been five weeks on the way from Kalgan and had just arrived one hour before us. Pretty fine connection for a 700-mile journey across the plains, was it not? We went over to the great rocky outcrop and pitched our tents. The caravan followed and reached our encampment one hour later. It was an inspiring sight as the 75 camels wound up from the plain with the American flag at the head. It made me realize, as nothing else had, that the Third Asiatic Expedition was really an accomplished fact, that all the long days and months of preparation in New York had resulted in this; it was a dream come true."

LEFT FOR KANSAS.

E. M. Goveia, wife and two children of Yonkers, and Mrs. Josephine Goveia and son Theodore, of 868 Doolin avenue, left yesterday in a well equipped automobile for Washington, Kansas. The party will visit in that place at the home of Mrs. Josephine Goveia's mother, Mrs. William Demmon. They will be back in the city in about two weeks as Theodore Goveia must then resume his duties with the Phelps Dry Goods company.

BABSON SEES END OF LABOR DISTURBANCES

WELLESLEY HILLS, Mass., Aug. 19.—In view of the news-paper space recently taken by the coal strike, railroad strike, and certain textile strikes, we are prone to think that strikes are very general at the present time. Roger W. Babson, however, refutes this opinion in a statement issued today as follows:

"As a matter of fact, we have very few strikes at the present time. Ever since the war the strike curve has been below the point which was then called 'normal.' The fact that we have had three strikes of large dimensions blinds us to this basic truth. Two of these strikes, the coal strike and the rail shopmen's strike, are in industries which have not been deflated, so far as war time wages go. The other, cotton textile, has been partially deflated, and the trouble is about going the rest of the distance. The difficulties in these three industries are then cases of belated hostilities.

"For the most part labor is striking, wages are being gradually let down to lower levels and the disposition of men is to keep at work. There is always a rise in the strike curve during the summer. We are having that rise now. Nevertheless, we are not having the number or the wide distribution of strikes which we had last year or at any time since 1915. We will not have a repetition of those conditions this year. The strike curve is nearer normal than almost anything else in industry.

"As to the future, the answer is to be looked for in conditions. What made the tremendous wave of strikes which marked the years 1915 to 1920? The simple fact that there were more jobs than men; that the cost of living was going up; that labor was in a position to force the issue. No such prospect is in view for the years right ahead. Therefore, we need not look for a repetition of the strike conditions of the war days. Those days are passed. Nevertheless, we are going to have strikes. There are going to be a good many of them. They are going to be called for reasons other than the ones that backed the strikes of war time. Then men went on strike for more pay. They are courageous, confident, buoyant. They were sure of success. They were seldom disappointed. In the future just ahead, they are going to strike against wage cuts, against attempts to rule out the unions. They are not going to be as successful as they were in the war time strikes.

"In consequence of this the real question of the next few years is as to the frame of mind which labor is to have. In contrast with the buoyant confidence of the war years, labor is now going to be sullen, resentful, revengeful. What they do not gain in open victories, they are going to be disposed to accomplish by indirect means. A man who cannot get his pay raised can stall on the job. He can get the best of his boss by all kinds of nasty tricks in the factory.

"These are short-lived policies. In the long run they work to the disadvantage of labor. Still, they are the usual recourse of labor when it is met by obstacles that do not yield.

"Right here is the problem of the employer of the next few years. How shall he meet the new temper of labor? In my opinion that ugly temper must be met by open dealing, by setting before labor the facts under which business is done and by admitting labor progressively to a greater share in management of the elements of the industrial relation which most directly concerns labor. That is to say, the time to develop personnel depart-

ments, set by profit-sharing, organize shop committees and all of the rest of the things that belong to this class is, not when labor is in the saddle and holds a gun at the employer's head, but when the employer himself is in the saddle and is in the position to dictate terms.

"The employer does not have to take this reasonable course, if he does not want to. He can use those next years to pile up trouble for himself and his successors in days to come. If, however, the employer is wise, he will take advantage of his position to set up the best kind of machinery, with which to defend himself and his industry. It is not a question of strikes in the immediate future. It will be a question of sabotage. Sabotage, however, is worse than strikes. It demands its own treatment.

"In view of these conditions, investors should give more thought to the labor policies of the companies in which they purchase securities. An examination of corporation earnings shows that the labor policy is the great determining factor between profit and loss during normal times. This especially applies to various concerns in the same line of industry. They all pay approximately the same price for raw materials; they all have practically the same hours of work, but one company succeeds and the other fails. Statistics show that the difference is very largely due to their labor and financial policies. Therefore, conservative investors will seek securities of companies which have a broad-minded labor policy, and which companies are now developing plans which will be of use when the next period of prosperity comes. Ice cannot be gathered in the summer, but must be put up in the winter when it is not needed. The same principle applies to labor. Labor troubles are very difficult to settle when they occur. Wise manufacturers prepare, during such times as these, preventative measures so that labor troubles will not occur when times are good."

General business is holding its own according to the index of the Babson index. It shows activity today at a per cent below normal as compared with 9 per cent last week and minus 18 per cent a year ago.

FARMERS, ATTENTION!

Stop, look and listen. Here you are. It will soon be time to sow wheat; no farms to rent; don't know where you are going next year. Don't you think that the wise thing to do is to buy a farm. Stop paying rent and OWN YOUR HOME. The rent you pay will soon pay for your farm, besides farm land has struck the bottom and is starting upward. NOW is the time to buy your farm. I have a REAL farm for sale, 163 1/2 acres in a high state of cultivation, in a good neighborhood and just what you want. Will try to make terms to suit.

Comparative Figures Show Coal Supply Statis.

By ALBERT APPLE
PITTSBURG, Aug. 19.—How about a coal shortage this winter? Here are the facts:

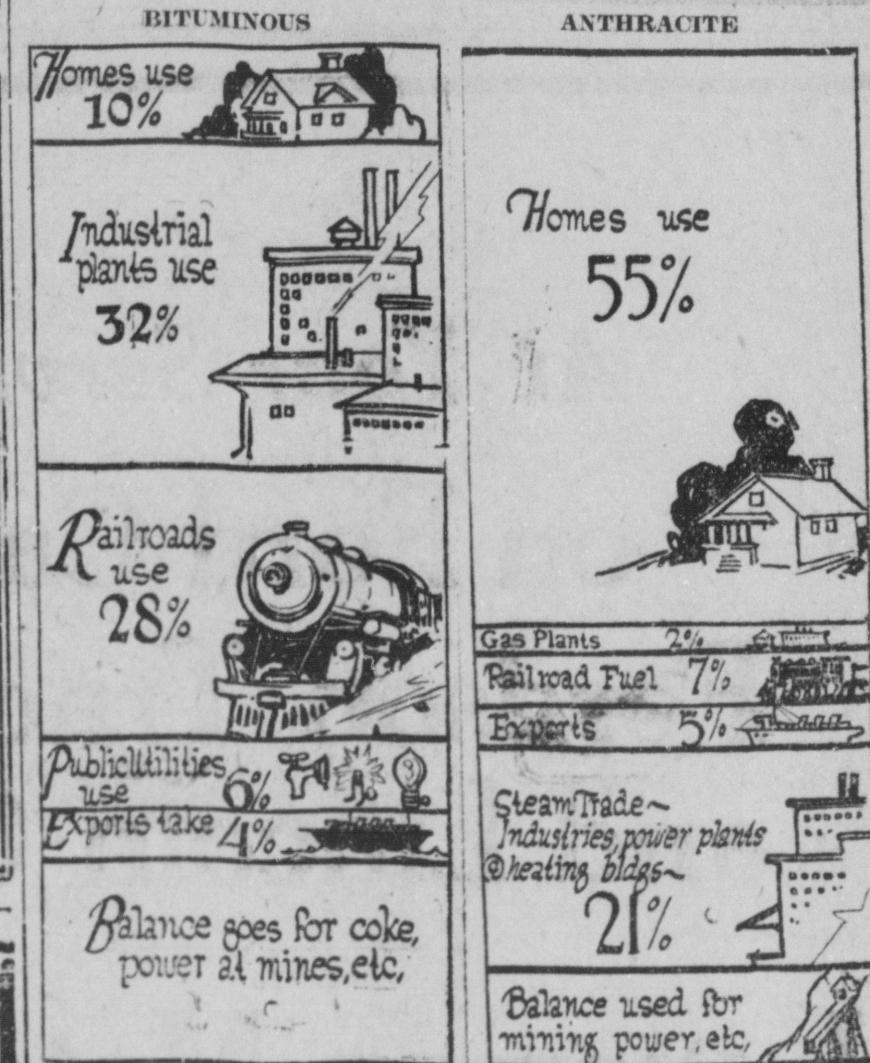

Total production of bituminous coal from the first of the calendar year to Aug. 6, is estimated at 207,606,000 net tons, by the United States Geological Survey.

This is only about 24,000,000 tons less than was mined in the corresponding period of last year. Working near capacity, mines in the past have managed to mine 24,000,000 tons of

bituminous in less than two weeks.

Stocks Low.
At the beginning of the coal strike it was estimated that about 65,000,000 tons of bituminous coal were above ground and in storage. Coal men call this the "reserve stocks."

The country is consuming about 8,000,000 tons of bituminous a week. Production by non-union mines during the strike has averaged about 4,000,000 tons a week.

THESE DIAGRAMS SHOW HOW THE TOTAL PRODUCTION OF COAL IN A YEAR IS DIVIDED AMONG USERS.

This made a dram of about 4,000,000 tons a week on the stored coal.

Inasmuch as no acute coal famine has developed, it is now believed in the coal industry that fuel reserves were larger than estimated. The bottom of the bin is generally in sight now.

The Shortage.
When the coal strike started, many union mines were practically shut down because they could not compete with the cheaper labor of the open-shop mines.

The general opinion among coal men is that the strike has "created a sufficient market," or shortage, to insure union mines a market for their coal as well as non-union coal until the end of next March. They are basing this belief on the assumption that union mines can be producing at capacity by the middle of September.

It is customary, at the end of the year, to have a carry-over or coal reserve of 20,000,000 to 30,000,000 tons. The outlook is that there will be little if any carry-over into 1923.

Hard Coal Scarce.
A shortage of anthracite coal is inevitable. From the first of the year to the end of July, anthracite production totaled only 22,800,000 tons, against a normal output of around 50,000,000 tons.

Coke Situation.
Despite the strike, production of beehive coke so far this year is a trifle larger than a year ago. July output was 450,000 tons.

Output of by-product coke in July was 2,486,000 tons. This was only three per cent less than the average for 1920, the year of greatest production.

The Northwest.
As usual, the coal shortage attacks the northwest hardest. Shipments of cargo coal up the Great Lakes for the season to July 30 compare as follows:

1922	4,406,067 tons
1921	13,699,762 tons
1920	7,049,797 tons
1919	13,478,878 tons

Keeping it Home.
One result of the coal strike may be to cost America its coal export market temporarily. The coal will be needed at home too much to ship it abroad.

Bituminous exports last year totaled over 20,000,000 tons. Exports have fallen to about 80,000 tons a month. This curtailing of foreign shipments has helped powerfully to counteract low coal production and exhaustion of stocks.

The Rail-Key.
Coal men say that a fuel shortage will depend largely on the railroads' ability to move the coal after it is mined, granting a return to full-time mine operations. The mines apparently could produce enough coal to pull the country thru the winter by the skin of its teeth, if the railroads could move 12,000,000 tons a week without getting congested.

When a Captain Becomes Admiral

The captain's gig and the admiral's barge were replaced by a whale boat rowed by commissioned officers when Captain A. J. Ziegelmeyer left the U. S. S. California at Bremerton, Wash., to become an admiral. This manner of taking a departing officer ashore is one of the highest compliments in naval tradition.

ILLINOIS COLLEGE NOTES

During the past week many people have visited the Illinois college tent at Chautauqua. The College tent is the second tent west of the information tent and all friends of the college are cordially invited to visit the tent. Dean Scott is in charge of the college tent.

Word has been received at the college of the birth of a baby daughter, Marian Lois, to Mr. and Mrs. Paul Watkins of Evanston, Ill. Mr. and Mrs. Watkins graduated from Illinois college in 1918.

Reconstruction work on the second floor of Sturtevant is progressing nicely. Considerable redecorating of rooms is being done in the other buildings on the campus.

Cecil Martin ex-'22 will return to continue his college work. Mr. Martin entered Illinois college while the Student Army Training Corps was in progress in 1918—leaving at the end of that year. His brother John will enter Illinois college this fall as a freshman.

Loren Schaeffer of Tallula was on the campus recently to make arrangements to resume his college work this year. His sister Pauline will enter as a freshman.

Ruth Chipchase '18 is attending Columbia University this summer.

President Rammelkamp writes, from Old Mission, Mich., that the weather in that part of the country has been unusually warm during the past few days.

Fried chicken, burgoo soup, all day picnic auspices Murrayville Catholic church Aug. 22.

LOCAL COLLEGES AT Y. W. CONFERENCE

Illinois Woman's college and Illinois college both are represented at the national Y. W. C. A. conference at Lake Geneva this year. About fifteen girls were expected to attend the conference from the Woman's College and several from Illinois College. They include the following: Miss Florence Weber of San Jose, the Y. W. president for this coming year, Miss Josephine Craig of Noblesville, Indiana, the vice president, Miss Alma Blodgett of Brighton and the former president, Miss Janette Wallace from Canton, Ill., are there with about a dozen others.

Miss Alice Carter, of this city, a member of the executive staff at Illinois College, Miss Nellie Swain of Prentice, Miss Eunice Williamson of Springfield and Miss Glenna Smith of Perry, represent Illinois, at the conference. Miss Carter left several days ago and spent three days in Milwaukee, Wisconsin, as a guest of Miss Eva Rosier, of the Jacksonville high school faculty.

You will find cordial welcome at the Catholic picnic in Murrayville Tuesday, August 22.

TO TEACH IN INDIANA
Miss Geneva Thomas, a former student of Illinois College, was a caller in the city yesterday and states that she has been employed to teach in the High school at Lafayette, Indiana, this year. She resides in Pittsfield.

FINAL CLEARING UP SALE OF ALL SUMMER DRESSES REMARKABLY CHEAP AT HERMAN'S.

TO LOS ANGELES.
Mrs. Thomas Bond and daughter, Mrs. Grace Ornellas left last evening for Los Angeles, where they will remain over the winter months. They will visit Mrs. Bond's daughter, Mrs. F. L. Wilder, who is a resident there.

BIG PREPARATIONS FOR CATHOLIC PICNIC

Indications Point to Large Attendance at Burgoo and Chicken Fry Next Tuesday—All Day and Evening Programs.

Murrayville, Aug. 19.—Preparations are being made for one of the largest and grandest picnics in the history of the Murrayville community. The picnic is given by the Catholic congregation of Murrayville and will take place next Tuesday, Aug. 22, at the town park. No efforts are being spared to make it the great event of the season. Over seven hundred gallons of burgoo will be served.

The soup, for which this community is noted, will be made according to the original recipe under the direction of Joseph Barnhart of Lynnville. There will be a chicken fry, dinner and supper.

The music will be furnished by the Woodson band, directed by Mr. J. Bart Johnson of Jacksonville. An elaborate program of events, contests, athletics, displays, etc. has been prepared. The prizes are above the ordinary, numerous and well worth striving for.

An evening program has been added, so there will be continuous entertainment from the opening address at 10 o'clock in the morning until a late hour at night.

Various stands and booths will be on the grounds. There will be merry-go-rounds for all, both young and old. Dinner will be served from 11 o'clock on. From all indications it will be one of the largest gatherings in Morgan county this year.

Church Folks and Affairs

By C. B. RIDDLE

A "No More War" movement is fast spreading in England and France and is being fostered by the various church boards and enterprises. Such men as Dr. J. H. Jowett, Dr. R. J. Campbell, Dean Burroughs, Lord Weardale, and others are deeply interested in the movement.

Elbert H. Gary, Evanston, Ill., delivered an address last June at Northwestern University on "Ethics in Business." The address in full has just been given to the public and raises a big question as to the future business man who is void of a code of ethics for his employees. Honesty is the prevailing key-note of business as pointed out, and this does not consist altogether in the matter of dollars, but in service, conduct, and right treatment.

Deprived of its four per cent beer, South St. Louis, former center of the brewing industry of the United States, has now taken to water. Water Commissioner Wall told the Board of Public Service that since Prohibition the consumption of water in South

St. Louis has increased enormously. At his recommendation the Board approved the expenditure of \$190,000 for a new pump in the district capable of supplying an additional 20,000,000 gallons of water daily.

In New York City there are between three and four thousand Japanese; nearly all of them turning to their own country within the space of four or five years. Between 500 and 700 are engaged in business; about 300 are students; about 2,000 belong to the working class—very migratory in their movements—serving in hotels, restaurants and such occupations chiefly. Only between 100 and 150 are women and children. More than 300 Japanese travelers a month pass thru, in and out of New York. All of these people see America only on the outside. Few, if any, make personal acquaintance with the better type of Americans, and enter into the Christian home. Some of these business men and students and travelers, are the ablest men of all Japan; are helping to shape its policy now, and are to be its leaders in the future. What can the Church do to help these men to understand the real value of the Christian religion in American civilization? One answer can be given, which is often overlooked. It is the answer of personal contacts and friendships since the recent war, but as yet, no definite outcome can be claimed from the efforts, other than occasional community undertaking.

The Subject of "Christian Union" has found a foremost place in pulpits, pews, and church publications since the recent war, but as yet, no definite outcome can be claimed from the efforts, other than occasional community undertaking.

Following up the Chautauqua idea, many religious bodies are holding "chautauquas," "schools of methods," and "institutes" as a means of bringing the leaders of the denominations together for a larger and more extended work.

The interchange of pulpits in various communities is becoming popular in many sections. It creates a spirit of neighborliness and is the means of doing away with the spirit of denominationalism.

Northfield, Mass., is the "play ground of the world" when it comes to the matter of religious gatherings. Many great conferences are being held there this summer. The general conference ending there this week was participated in personally by many great divines of the several countries.

One big question which has been facing the Methodist Episcopal church during the past two years is the matter of combining some of its "Advocates." One group—principally laymen—believe in a large paper covering several states, instead of a paper for each state, or conference region. Several denominations have combined district or area papers to save cost of editing, publishing and distributing.

The issue of June 30, 1922, of The Reform Bulletin, published by the New York Civic League at Albany, N. Y., is a League anniversary number, reviewing briefly the great moral battles fought in New York State in the last twelve years, in which that League has had a leading part. Several pages are also devoted to describing some of the exciting law enforcement battles which the League has fought. It is a long and creditable record of success and many of the good moral measures passed by the New York legislature are such as are needed in every state in the Union, and it would be well for people interested in such matters living in other States to look over the long list of good bills passed by the legislature of New York, as well as the many bad bills defeated, and help secure the passage of many of these same good bills in their own State and be on the watch for the appearance of bad bills in their legislature such as they have had to meet year after year in New York.

PUBLIC SALE

September 16, 1922, at the south door of the Court House, Jacksonville, Ill., at 2 o'clock p. m., Charles A. Johnson and J. Weir Elliott, executors of the will of Joseph Cridland, deceased, will offer for sale the Cridland farm of 171 2-3 acres, more or less, situated about 4 miles west of Jacksonville, Ill., on the Mercedosa road. The farm will be offered as a whole and also in two pieces.

Terms: 20% down on day of sale, balance March 1, 1923, when deed is delivered.

For further information see the executors at the Elliott State Bank.

TWO MARRIAGES TAKE PLACE IN WHITE HALL

Two Couples United in Marriage By White Hall Ministers—Other News Notes.

White Hall, Aug. 18.—The marriage of Alva Worrall and Miss Effie Emmons was solemnized at noon Thursday at the home of Rev. Roy March in White Hall. The couple is from the Athensville vicinity, coming to White Hall by auto, accompanied by the groom's parents, Mr. and Mrs. Alfred Worrall, and immediately thereafter they returned to Athensville to the Worrall home to partake of a family dinner in the evening. The bride is a daughter of Joseph Emmons.

The marriage of Russell Hutchens and Miss Faith Pruitt took place on the 16th at the home of Rev. A. J. Johnson. The groom is 18 and the bride 17. He is a son of Alva Hutchens and she a daughter of Joseph Pruitt, all of White Hall. The couple has gone to the home of her parents for the present, the Ross place immediately southeast of town.

The annual reunion of the Swallow family was held Thursday at

Universalist church on Apple Creek Prairie, five miles southwest of White Hall, partaking of a great dinner and sociabilities. The attendance numbered 111, mostly people of White Hall and vicinity, giving some idea of the importance to which the family has attained since its first establishment in this vicinity with the coming of Asahel North in 1821. The visitors included Mr. and Mrs. William North of Memphis, Tenn., and Arthur Stewart of Madison, Wis. There were a number from Jerseyville and Daum. Miss Edith McCollister of Jerseyville gave a violin solo with piano accompaniment by her sister. Richard Shirley gave a piano solo and Miss Dorothy Gahuly gave a reading. The list of marriages, births and deaths during the past year were presented by Miss Mary Ellis. The officers for the ensuing year are R. S. Worcester, president, and Mrs. Lora Moulton Ross, secretary. Mr. and Mrs. Norman Marshall of Cuba, Mo., are guests of relatives in White Hall for the chautauqua season. Mrs. Marshall was formerly Miss Hattie Pinkerton, daughter of Royal Pinkerton.

Attend the annual Catholic picnic, Murrayville, August 22.

Both Quality and Price Are Combined in These Special Mattresses

Cheap cotton and combination mattresses don't pay. They settle down, sag and become lumpy and uncomfortable. This mattress is of cotton felt, in layers, it cannot lump and an occasional sun bath keeps it soft and comfortable. It is the same quality that you are asked \$15 for today. Price \$11.50

We are making a special offer on only six of these layer felt mattresses at a saving to you of over \$3. Remember there are only six to sell. See them early and compare with regular \$15.00 goods. You get a good mattress at the price of a cheap one. Cotton is advancing in price and mattresses are also.

A dandy medium size new oak buffet, excellent finish and extraordinary workmanship, French bevel mirror. Compare this with regular \$30 buffets. Our price this week is \$21.00

Oak combination book case and desk, fully modern and practically new. 5 foot book shelf space, drop leaf writing desk. All oak golden finish—half price.....\$13.50

Used oak buffet, refinished—in fine order.....\$10.00

One antique settee and round parlor table, attractive price.

Good pattern Gold Seal Congoleum rug, new, at.....\$14.75

Its a Funny Thing

A man who would not leave a spade out over night will let the car run along with the wrong oil, scored cylinders, steering gear froze and many other things going to wreck and ruin, costing the price of a thousand spades.

It pays to take fussy care of your car.

It pays to keep every part well and properly lubricated.

It pays to grind cylinders and have scored cylinders filed.

Our rebuilding pays in the long run.

Ask a man who has had his car rebuilt.

Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you untold advantages in arranging the financial program of your life. Consult us as to some of these advantages.

Keep Pace With Evolution

Darwin declared that the human race was merely an evolution of the monkey tribe. Some people agree with him. Others do not.

But there is no denying that even within the memory of most of us, there has been considerable of an evolution in the human mode of living. And today, this evolution is buzzing along faster than ever.

There has never been a time when conditions changed so rapidly—when life bettered itself so consistently. New comforts and conveniences are coming in all the time. And the rapidity with which they are invented and put before us vitally affects us all.

To take advantage of these things, you must keep yourself informed. You must know not only what they are, but also how much they cost and where and how to get them.

The only way you can know this is to be a regular reader of the advertisements

Advertisements tell of all that the world is doing to make you more comfortable, your work easier, your methods better, your clothing and food problems less irksome. They tell you how you can save time—and effort—and money in the selection of the things that make life worth while.

Advertisements are interesting, instructive and highly profitable to you.

Keep in touch with modern evolution by
reading the advertisements

Church Service Announcements

First Church of Christ, Scientists, 523 W. State St. Sunday morning service at 11:00; subject of lesson sermon, "Mind." Sunday School at 9:30. Wednesday evening testimonial meetings at 8 o'clock. The Reading Room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

LOST—A pair of dark blue trousers. Probably taken by mistake. Call 1043-y or return to Mullenix & Hamilton.

Salem Evangelical Lutheran Church—East College and South East—Rev. J. G. Kuppler, pastor. Sunday School at 9 a. m. Public worship in German with the celebration of the Lord's Supper at 10:30. Preparatory service at 10 o'clock. There will be no evening service. A cordial welcome to all. On Wednesday evening the Luther-Walther Circle will give an ice cream social on the church lawn. Everybody welcome.

Central Christian Church, M. L. Pontius, minister—Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. On account of Chautauqua there will be no other church services except the communion service at 10:45 Sunday morning. Sunday, August 27, all the regular services of the day will be resumed.

The Church of God—Services at 800 Ashland avenue. Sunday school at 10, and preaching at 11 and 7:45 o'clock. Prayer meeting Wednesday

evening at 310 West North street. Everyone welcome to come and hear the old time gospel.

Northminster Presbyterian church—Walter E. Spoons, minister. Preaching at 10:45 a. m. by the pastor. The subject will be: "Lichter and Bryan." Sunday school at 9:30 a. m. William Bieber, superintendent. A class for everybody. There will be no evening service on account of the Chautauqua. The invincible Bible class will give their annual First Ward social next Thursday evening at the First Ward school building. There will be plenty of good things to eat and drink, so everybody come. Remember that there will be prayer meeting on Wednesday evening. Let all who believe in the old time religion come.

Grace Methodist Episcopal church—Thomas H. Tull, pastor. Sunday school at 9:30 a. m. T. V. Hopper, superintendent. A fine interest for vacation period is being shown. Every one should attend Sunday school somewhere. You will get help and inspiration from fellowship and Bible study. Morning worship at 10:45. Theme of sermon: "David's Lament Over Saul and Jonathan." This will be a study on solicitude for the welfare and honor of the church. All who do not worship elsewhere are invited to worship with us. Only two more Sundays till conference meets. All centenary and benevolent subscriptions should be paid to H. J. Rodgers at Ayers bank. Each member of the church should contribute something to these great Christian enterprises which our church is carrying on throughout the world. Remember the Morgan County Methodist picnic next Friday, August 25. Dr. F. A. McCarty of Bloomington has been engaged to deliver the address. Each church in the county will be in the line of march.

The Congregational church—Rev. George E. Stiekney, minister. Church school at 9:30. Dean G. H. Scott, superintendent. No morning church service. Prayer meeting Wednesday evening at 7:30. The Ladies' Aid will meet Tuesday at 3 o'clock in church parlors to sew.

Westminster Presbyterian church, corner of Westminster street and College avenue. Sunday school at 9:30 a. m. Beginners class, taught by Mrs. S. F. Davis from 10:30 to 12:00. Morning worship at 10:45 a. m. Preaching by the Rev. F. M. Rule, D. D. No evening service. Congregation will unite in union services at Grace church. The Mission Study Class at 6:30 p. m. led by Miss Margaret K. Moore. Prayer meeting Wednesday evening at 7:30 o'clock.

Bethel A. M. E. church—R. H. Hackley, minister. 11 a. m. sermon by the pastor. 2:30 Sunday school. Rev. J. W. Kirk, superintendent. 8 p. m. sacred recital by Prof. J. C. Phillips. A. B. star elocutionist and dramatist, with a few favorite and pathetic readings, assisted by the choir with appropriate selections. Program: Praise God; Scripture selection; song; choir; invocation; choir; Scripture reading; organ voluntary; music; Group I, (a) "The Last Hymn," (b) "A Pleasant Smile," by Prof. J. C. Phillips; song; choir; Group II, (a) "Oh Why Should the Spirit of Mortal Be Proud?" (b) Pantomime, "Rock of Ages," assisted by the choir.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, Sunday school superintendent. Sunday school at 9:30 a. m. Public worship at 10:45. Sermon theme: "The Victory of Faith." No evening service. Prayer meeting (Wednesday evening at 7:30 o'clock.

Centenary church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. under the superintendency of A. C. Metcalf. It is just as cool in the Sunday school rooms as anywhere, and there is no better place to spend the time. Morning worship at 10:45. Sermon by the pastor. Subject: "The Higher Selfishness." All evening services are suspended during the Chautauqua season. The Annual Morgan County Methodist picnic will be held at Nichols park Friday, August 25. Of course every Methodist will attend during the whole day. Prayer meeting will be held as usual Wednesday evening at 7:30. The Fourth Quarterly Conference is announced by Superintendent Fletcher for Thursday, August 31 at 7:30 p. m. All who do not worship elsewhere are invited to the church where the folks are glad to see you.

State Street Presbyterian church. Rev. Wm. H. Marbach, pastor. Sunday school at 9:30 a. m. Classes for all ages. We are anxious that every member of the Sunday School attend the 9:30 school so as to keep the study of the lessons during the summer months. There will be no preaching services at the church during the month of August while the pastor is on his vacation. No Wednesday evening prayer meetings during August. There will be no union services in Grace church tomorrow on account of Chautauqua.

FUNERAL NOTICE
The body of Mrs. George W. Tremblett arrived in the city last night and was taken to the Reynolds' mortuary. Funeral services will be held from the Reynolds Chapel this afternoon at 3 o'clock with burial in Diamond Grove cemetery.

NEW STYLE OF COUNTY INSTITUTE

PEORIA, Ill.—Because 500 school teachers have been attending summer school a new style county school institute will be held for Peoria county this year, according to John A. Hayes, county superintendent of schools. Instead of having one county wide institute each township is to have such a meeting, said Mr. Hayes. It is going to be taken to the people, he said and instead of one meeting for the entire county twelve smaller meetings will be held. This scheme has been adopted partly, he declared, because "it is not right to make the teachers attend an institute composed of lectures for five days' after they have been at school most of the summer."

FOR SALE
Household goods, 632 South Church street

NOTICE

A meeting of the Jacksonville Radio Research Association will be held Tuesday, July 22, at 7:30 P. M., in the I. W. C. gymnasium. Mr. John Martin, a member of the faculty of the Physics department of the Case School of Applied Science at Cleveland, Ohio, will be a special guest of the Club. He will lecture on "Negative Resistance in Regenerative Methods" and will give a demonstration of the Armstrong super-regenerative set. Mr. Martin is a member of the American Institute of Radio Engineers and of the Physical Society and has also done extensive research work in radio during the past year, so an excellent lecture is assured. All members are urged to be present and visitors are cordially invited.

MR. BRANOM RETURNS

Anthony Branom, son of Mr. and Mrs. N. A. Branom of East College street has returned to his home after a very pleasant visit with his parents. Mr. Branom is at the head of the Press department of Butler Brothers of Chicago. He has been exceptionally successful in his line having risen to a position of prominence in a few years.

An Even Greater Master of The Highway

2195
F. O. B. Detroit

The New Series Paige 6-66 chassis, carrying improvements and refinements that mark still another mile post in automotive design and craftsmanship, is now ready.

The New Paige is the latest product of an organization that has been specializing for years in quality Sixes, with every year registering a distinct engineering and manufacturing advance. It is a great car made greater.

The New Paige clutch is, we believe, the greatest single advance ever made in clutch development, and permits quiet gear manipulation in conditions you have never considered possible. And the New Paige transmission completes the pure delight of speed changing by making it possible by the pressure of a finger.

Complete snubber equipment, fore and aft, is another added perfection. The New Series Paige simply floats its passengers over the roughest roads a motorists may find.

Two additional cross members further stiffen the titanic strength of the frame. Axles are Timken—the best that money can buy. And in this perfected chassis pulsates the great 70-horsepower motor. The 6-66 chassis is a proven unit of dependability. The Daytona Model holds every world's stock chassis speedway record from five to 100 miles.

The Master of the Highway is ready for another year of supreme service. Come in and see this distinguished and perfected series of motor cars.

HEAVY BUYING

By Associated Press.

NEW YORK, Aug. 19.—Wall
Street apparently took for granted
today that the settlement of the
rail strike would come early next
week, indulging in a remarkable
buying demonstration of rail
shares which forced the active in-
vestors up 1 to 2 points and estab-
lished approximately 25 new rec-
ords for the year in that group.

High grade dividend paying in-
vestments such as New York Central,
Northern Pacific, Atchafson and
Northern Pacific led the advance
with the grain carriers in most
demand but the non-dividend pay-
ing stocks were not neglected. St.
Paul common and preferred stood
out in that group.

Total sales approximated 400-
000 shares.
Business in foreign exchange
was quiet with rates holding
steady at yesterday's closing fig-
ures. German marks were again
quoted as low as 7 1/2 one hun-
dredths of a cent with little busi-
ness being reported.

The clearing house state-
ment showed an increase of \$3-
398,000 in loans, discounts and
investments. The reserve of
member banks with the federal
reserve bank was decreased by
\$5,258,000 as against a decrease
of \$7,114,000 a week ago.

Cash holdings were decreased
\$2,128,000 leaving the excess re-
serve at \$48,620,560 or 1,380-
450 below last week.

Liberty 3 1/2 bonds which had
shot up 12 points yesterday drop-
ped 68 points on heavy selling but
recovered about one third of its
early loss before the close.

FARM BUREAU NOTES

Sangamon County Will Cooperate
L. A. Madden, Farm Adviser in Sangamon County comments favorably on the action of our executive committee in offering a liberal reward for information leading to the arrest and conviction of anyone stealing from or committing a depredation against a farm bureau member. Our executive committee had in mind the matter of getting after the chicken thieves. The Sangamon County Farm Bureau will quite likely take similar action to that of our executive committee.

Farm Bureau Picnic
Messrs. J. F. Brockhouse, L. F. Berger and C. H. James of Meredosia met in an informal conference with members of the executive committee of the farm bureau yesterday at the chautauqua grounds and discussed plans for the farm bureau picnic at Meredosia on Sept. 14th. The committee from Meredosia will take the matter up with the commercial club of that city and will then invite the executive committee from the farm bureau down to a conference. With the opening of the wagon bridge at Meredosia, that city promises to become a popular picnic ground. The farm bureau has selected it because it will be a convenient place for our friends from the farm bureaus in Scott, Pike, Cass and Brown county to meet with us.

Controlling the Peach Borer
W. P. Flint, State Entomologist writes that the new chemical para-dichlorobenzene has proven as effective in controlling the peach tree borer in 1922 as it did in 1921. He has noticed no injury from it. Even where it has been used on nursery stock and one year old peach trees. Some damage may occur however, on trees that have been seriously weakened by the borers. However it has not been necessary to remove the chemical from around the trees.

Murrayville Shipping Association
Ira P. Story manager of the Murrayville Shipping Association, is pleased with the results of a recent shipment of a load of hogs which topped the St. Louis market. The load has been favorably commented upon in the Livestock Reporter and in the circular letter sent out by the Producers' Commission Association. Since organization the association has shipped out 14 carloads. The local cooperative shipping association and the Farmers Controlled

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The United States Coast Guard is 132 years old.
A post of the American Legion has been granted a charter at Hankow, China.

The war debt of European nations to the United States Government will soon total more than \$12,000,000,000.

Canada has 4089 men enrolled in the permanent active militia. The reserve force numbers 41,236 of all ranks.

The history of the United States shows that four out of every seven years of the nation's life have been spent in a state of war.

Great Britain is planning to build a fleet of 500 airplanes for use in home defense. The cost of the new planes is estimated at \$10,000,000.

The American Legion in Mangum, Okla., donated funds, with which they had intended to erect a clubhouse, to buy a playground for the city's children.

Persons who suffered from nervous disorders due to loss of their relatives in the world war are said to have been cured by a visit to the graves of their lost ones in France.

For the current fiscal year the expenditures by the 144 district officers of the Veterans' Bureau are estimated at \$28,155,032.65. Salaries consume the greatest part of this sum, totaling \$22,290,928.90.

The only training center for medical officers of the American army is at Carlisle Barracks, Carlisle, Pa. The school is conducted for officers of the National Guard and R. O. T. C., as well as for officers of the regular army. The Army Council in England is investigating a scheme to reduce the weight of the rifle carried by British soldiers. The present pattern weighs 8 pounds 10

Commission company at the terminal markets represent progress made thru the Farm Bureau movement.

1-2 ounces. It is believed that this can be reduced to six pounds.

Mrs. Lowell F. Hobart, national president of the American Legion Auxiliary, recently visited South Dakota, Nevada, Utah, Montana, Oregon, Washington and Idaho in the interests of the organization. She attended a number of department conventions.

The American Legion in Massachusetts has proposed that the Federal Government issue a representative coin or a bill of small denomination, bearing a typical American soldier's head. This coin, in honor of the soldiers, would be known as the "Dough boy Dollar."

Colonel Arthur S. P. Hyde, aged 45, a soldier for 22 years and a veteran of three wars, recently arrived in this country from Fort Amador, Panama, Canal Zone. The chaplain intends to quit the army and enter the church as an Episcopalian clergyman. Colonel Hyde is a graduate of West Point. A company of 161 United States marines and seven officers is being sent to the exposition at Rio de Janeiro, Brazil. These men, representing the famous organization, are the pick of the entire corps. Overseas duty and a perfect record of service were the necessary requirements of every man selected as one of the company, which will be known as the 83d Company, Sixth Regiment.

Colonel Franklin D'Olier, the first National Commander of the American Legion, and winner of the Legion of Honor and Distinguished Service Medal for valor in the world war, was recently chosen president of the Sesqui-centennial Exhibition Association. The world fair, to mark the 150th anniversary of the signing of the Declaration of Independence, will be held in Philadelphia, Pa., in 1926.

A mimic battle was staged between the battleship fleet and the air forces of the United States off the Virginia capes this month. Airplane scouts were sent out to locate the ships before the "battle," and then the waiting torpedo planes went out to launch their "torpedoes," and at the same time attempted to keep out of range of the battleships' anti-aviation guns. The maneuvers were the first carried out on a comprehensive scale by the American navy and air forces.

The newest organization in relation to the veterans of the world war is "La Societe des Femmes Quarante et Chapeaux Huit"—the Society of 40 Women and Eight Hats. The society is formed as a recreational unit, to provide a means of enjoyment for the auxiliary women after their daily rounds of the hospitals to provide comforts for disabled veterans, taking care of the former service men's dependents and doing the many things which the wives, mothers, sisters and daughters of world war men are doing for their own and other men who served in 1917 and 1918.

The strangest department in the United States army is said to be a list of men, hospital attendants, at the Walter Reed General Hospital, Washington, D. C. These men give their blood freely to those of their comrades who can be cured only by having injected into their veins the healthy red blood of a strong man. Although elsewhere there is always a high premium paid to the donor of blood for transfusion, these men ask no payment, their only reward being a ten days' leave to recuperate, as the operation, especially if more than a pint is given, is very weakening on the system.

NORTONVILLE

Mrs. Maggie Hungerford and daughter Opal, returned Saturday night from a few days' visit with her daughter, Mrs. John Gilles of Springfield.

Mr. and Mrs. Lee Bolton went to Hillview Sunday to visit with relatives.

Opal Bens and son, John Miller and Daisy Bolton were among those who attended the Palmyra picnic.

Nortonville will have a picnic Saturday, August 26. Everybody welcome.

Harry Fanning and family and John Miller motored to Matanzas Sunday.

Georgia Mae Vedder of Jacksonville spent the week with Gussie Henry and family.

Mr. and Mrs. John Dwyer were charivariated at their home Thursday night.

Mr. and Mrs. Dwight Seymour were given a charivari at the home of the groom's father, W. E. Seymour.

Mrs. N. J. Rochester and grand son Millard have been spending the week with relatives here.

Mrs. Summer Van Bibber and son Weir have returned from Colorado and visiting her sister, Mrs. Elmer Newby.

Herman Woolridge of Hillview spent Tuesday night at the home of F. O. Tribble.

ZION

Arthur Maberry left last week for Dakota to stay during the harvest season.

Mike Lonergan of Jacksonville spent Wednesday at Edward Lonergan's.

Mr. and Mrs. William Hart and children and A. J. Fanning spent Sunday with Mrs. Cal Hart.

Mr. and Mrs. N. Bowe and daughter Lucille of Pisgah spent Sunday with Mr. and Mrs. S. A. Passafiume.

There will be a dedication of the new basement at Zion church Sunday, Aug. 27. There will be a basket dinner at noon hour.

Charles Bolton and wife who were recently married were given a hearty charivari Monday evening about 60 neighbors and friends were present. Refresh-

THIS LAD'S ONLY 3—BUT HE'S LIVED LIFE OF THRILLS

Antonio Lavarone.

New York.—There's little left to thrill young Antonio Lavarone. Although only three years old he's been kidnapped, held for ransom, threatened with death and rescued.

If only he could tell what his big black eyes have seen.

On June 23 he and his mother disappeared. The alarm went out that they had been kidnapped.

The father, a prosperous butcher, received threatening letters. Blackhanders wanted \$400 for the child's release.

The father says he paid \$200. It was feared the boy might suffer the fate of the Verotta child, slain by kidnappers.

But luck was with him. Antonio was returned unharmed.

He had been held by conspirators at Syracuse.
